

FIVE BISHOPS TROOPS BEATEN IN POLICE COURT

At the Funeral of the Late Rev. Dr. Huntington

BOSTON, July 29.—The vested male choir, organist, cellist, harpist, violinist and clerical and lay staff of Grace church, New York city, with five bishops, one bishop-elect and about 100 clergymen, were among the throng which attended the services in Emmanuel church yesterday afternoon over the remains of Rev. Dr. William Reed Huntington, rector of Grace church, New York. The major portion of the New York party came to Boston in a private car attached to the special train of J. Pierpont Morgan, who was also among those who attended the funeral.

MAYOR RETURNS

He Has Been Looking Up Auto Fire Apparatus

The mayor, Chief Hosmer and purchasing agent Mackenzie are back from Buffalo. They arrived home this morning after having visited the plant of the E. R. Thomas Motor company in that city and at the expense of that company. Money has been appropriated for the purchase of automobile fire apparatus and the plants of the companies making such apparatus are being visited and their products examined. Just how much good that will do remains to be seen. The mayor, the chief and the purchasing agent will visit the Knox plant at Springfield next week. The committee on the department has already visited this plant, but once the committee made its recommendations it was through, and by the way things are going it does not seem as if the committee's trip to Springfield counted for much.

After all visits to plants where such apparatus in question is manufactured have been made, purchasing agent Mackenzie will draft specifications and bids will be called for.

The mayor didn't have much to say about his trip. Purchasing agent Mackenzie, however, talked quite interestingly of the trip, especially of his "seen and heard" adventures in Buffalo.

Hood's Lotion

Is free from zinc and all other metals. Unlike any cream preparation known to us, it leaves no unpleasant sensation as it dries.

It is a simple, safe, effective application for the face and hands.

Acts instantly. Soothes and heals. Get a bottle today.

Sold by all druggists. 25c. and 50c. "If Made by Hood It's Good."

Refrigeration In the Home

The house is kept cool by electric lights, flatirons and cooking utensils. They are not only cooler but cleaner than open flame light and heat. Electric heating devices do not raise the temperature of the room and can be shut off at once after use.

By Mobs at Barcelona Who Committed Wild Excesses

LONDON, July 29.—Special advisers from Biarritz near the Spanish frontier state that the situation at Barcelona is rendered desperate by the absence of a sufficient military force capable of putting down the revolutionists. This condition results from the dispatch of all available troops to Melilla.

The government forces are also scattered by the need of quelling outbreaks at many detached points. The isolation of the province, owing to the destruction of railways gave the revolutionary elements and strikers hours in which to cut off the arrival of reinforcements. They are thus masters of the situation. The line from Madrid to Barcelona is a scene of desolation. Wide trenches have been dug across the railroad embankments in the country districts. The small bridges spanning the streets in several towns have been pulled down. Fierce engagements are in progress throughout Barcelona. The artillery has been used against the barricades, but the quelling has made little progress in quelling the revolt.

The terror-stricken people are fleeing from the larger towns to the open country and the small villages where it is less dangerous. The situation is further complicated by the spread of the general strike instigated by the labor unions two days ago.

A special despatch from Gibraltar says old Spanish batteries stationed in that vicinity have received hurry orders to embark at once for Melilla.

PULLIAM IS DEAD

NEW YORK, July 29. Harry Pulliam died at 3:10 a. m. today.

Although a bullet from his revolver passed entirely through his head, severing both optic nerves and causing instant blindness, Mr. Pulliam lived from 3:30 last night until this morning.

He became unconscious soon after the shooting was discovered and was unable to make any statement as to his reason for committing suicide, but it is generally attributed to ill-health.

Mr. Pulliam was in his office yesterday, attending to the business of the bank, and went to his room at the club last evening. The first indication that anything was wrong with him came when at 9:30 a clock a signal of the telephone was thrown up in the switchboard of the club.

FELL ON STREET

Worcester Man Overcome by Heat

John Casey, a travelling fireman, who was in Worcester, was overcome by the heat near the corner of Park street and Walker street about 2:45 o'clock this morning. He was seen lying on the sidewalk, and a passerby called to him. He was unable to get up and was taken to the hospital where he died.

SERIOUSLY HURT

DANIEL MURPHY FELL FROM SECOND STORY WINDOW

Daniel Murphy, a man about 35 years of age, fell from a second story window of his home at Agawam street, about 2:45 o'clock this morning. He was seen falling from the window, and a passerby called to him. He was unable to get up and was taken to the hospital where he died.

BODY RECOVERED

WEST RUMNEY, N. H., July 29.—The body of a young man, who was drowned during the night, was recovered today. The body was found in the water near the shore of Rumney, N. H.

NAVAL MILITIA CALLED OUT

MADRID, July 29.—In view of the grave situation in Barcelona which steadily has been growing more serious, the naval militia has been ordered to that city. The minister of the interior, now termed the Spanish Troop, today announced that any newspaper printing reports disavowing official information would be prosecuted and the edition suppressed.

A statement was issued this morning by the ministry of finance designed to stop the fall of Spanish securities. It says that the treasury house is \$18,000,000 of which \$13,000,000 is in gold. No extraordinary taxes are contemplated since the declaration of martial law through Spain yesterday.

The complete mobilization of the Spanish army has been ordered. All officers on leave have been recalled. The reserves of all classes have been summoned to the colors. The railroad lines in the north of Spain are strictly guarded and no one is allowed to enter Spain without the permission of the military authorities.

The garrisons at Burgos, Logrono, Victoria and other towns are under arms. The censor forbids telegraphic communication with Bilbao.

The royal family is hastily returning to Madrid from San Sebastian. It is reported that Premier Maura has tendered his resignation but that King Alfonso has declined to accept it.

HOLD UPPER HAND

BIARRITZ, NEAR SPANISH FRONTIER, July 29.—The desperate condition of affairs at Barcelona is shown in reports received here from the disturbed city. These show that the revolutionary element holds the upper hand. The government troops unable to contain the situation, have been forced to abandon several quarters, leaving the revolutionists in control.

The streets of the city are barricaded with huge piles of stones. The furniture and planks are heaped in these barricades to the height of the first stories. The arrival of reinforcements so unaccountably needed by the government forces is retarded by the destruction of railroads and the avenues

REVOLUTION IN SPAIN

PARIS, July 29.—The internal situation in Spain now completely overshadows the war in Africa in the eyes of Europe. The decision of Premier Maura's cabinet yesterday to place the country under martial law and employ the army to repress the revolt in Catalonia or as an alternative move to convoke parliament may prove an extension of the insurrection which would endanger the dynasty.

Preparations now being made in Madrid to quell the disturbances include the dispatch to Catalonia of the entire third and fourth army corps and the Madrid cavalry brigade under command of Prince Charles of Bourbon who was able to leave for Melilla.

Prince Ferdinand of Bavaria is one of the squadron commanders of this brigade. The withdrawal of troops from Africa left fewer than 5000 men in the garrison at Barcelona and the infuriated mob after committing all sorts of excesses including the burning and sack of the city property everywhere erected barricades to hold their positions.

FATALLY BURNED

Josephine Kelly, Aged 4, Burned at Play

Little One Screamed for Help But in the Excitement None of Her Companions Went to Her Assistance

Josephine Kelly, aged four years was fatally burned while at play in the yard of her parents' home, 207 Lakeview avenue, yesterday afternoon.

The child was playing with several others about her own age when a seven-year-old boy appeared on the scene waving a flaming cat-o-nine tail which he had soaked in oil and ignited so as to make a flaming torch.

THE FLAMES SET FIRE TO HER DRESS

Little One Screamed for Help But in the Excitement None of Her Companions Went to Her Assistance

The flames set fire to her dress and in an instant had communicated to the dress of another girl.

The little one screamed for help but in the excitement none of her companions went to her assistance. James Kelly, the father, who was passing on his way to work, heard the screams and in a few moments was rushed to the Lowell hospital.

Whereas anything possible was done to save her life. She was beyond pain and, however, died about 5 o'clock.

Two Police Inspectors Assaulted by a Woman

Mrs. Ellen Malone, of Richmond, was arrested today for assaulting two police inspectors.

She was given a suspended sentence of forty days in jail for her assault on the two inspectors. Mr. Malone was found not guilty of the charge of battery and discharged.

THE PAVING JOB

In Middlesex St. Near—ing Completion

The paving job in Middlesex street is nearing completion. Supt. Putnam, who is still on the job as superintendent of streets, said this forenoon that Middlesex street would be open to traffic by Saturday, and then all that will remain to be done is the driveway to the depot.

Bridge street is being prepared for the paving blocks. The foundation is being flushed in a portion of the street near the bridge today, and the laying of the blocks will follow.

Although there is not a great show of activity in Prescott street, the sewer job there is going along smoothly, and the paving blocks are being laid.

Mrs. Malone became hysterical when she realized that she might be sent to jail and it was only with great difficulty that she was quieted.

The fact that Mrs. Malone has three small children, one of whom is but seven months old, was the only thing that prevented the court from imposing a fine.

Inspector Maher testified that the woman assaulted him and Inspector Walsh, and a blood-stained collar which Inspector Maher wore yesterday was in evidence. Inspector Walsh corroborated the testimony offered by Inspector Maher.

Judge Pickman said that he would not tolerate persons residing and assaulting officers while performing their duties. He intimated that the assault in question was wholly unprovoked and owing to the fact that it was a woman who committed the assault the inspectors could not handle her as they would a man. He felt that an example should be made of her.

JUDGE BETHEA HELD LAWN PARTY

The Beef Trust Problem is Dying

Hundreds Visited Mrs. McKinnon's Home

JUDGE S. H. BETHEA

STERLING, Ill., July 28.—Solomon Bethea, judge of the United States district court at Chicago, is dying at the home of his cousin, S. S. Rogers, in Sterling, Ill. Judge Bethea

The grounds surrounding the beautiful home of Mr. and Mrs. D. T. McKinnon, 279 Chelmsford street, was the scene last night of a delightful lawn party by the members of the Westminster Presbyterian church. The grounds were prettily lighted with Japanese lanterns and the attendance numbered more than 300. The booths were artistically arranged and refreshments of various kinds were served. When "home time" arrived and the lights on the lawn went out it was discovered that the booths were pretty well sold out, a fact that presaged the affair a success.

The president of the committee was Robert Campbell, W. C. Barthlett was the secretary and treasurer. The candy table was in charge of Mrs. H. Frazer, who had as her assistants, the Misses Nettie and Marie McLaughlin, Misses Annie Strachan, Jessie Watson, Annie Watters and Annie Berg. The ice cream and cake table was in charge of Robert Campbell, Mr. Strachan, Mrs. McLeod, Mrs. McQueen and Mrs. Black. The tonic table was in charge of John McKinley and Vernon Walker.

AT LAKEVIEW

PHIL O. GREENE TO GIVE SENSATIONAL EXHIBITION

Phil O. Greene, the world famous juggler, has been engaged by the Northern St. Ry. Co. to appear and give a tree exhibition, afternoon and evening, all next week at Lakeview park.

It is one of the most thrilling and thoroughly sensational acts that has ever been seen at the park. It is the nature of a globe balancing act which requires 15 minutes. He has a great many of them and other great acts, including 183 feet high, up and down, which he travels upon a round wheel, 140 25 inches in diameter to a height of 50 feet.

Not content with this feat, during which the slightest misstep would hurl him to the ground, he has a great feat, 150 feet from the ground, in which he does all kinds of great balancing stunts. During the evening performance he adds picture making and audacity by making his act seem a real and veritable show of a high wire artist, sparks from a firecracker which is touched off.

has been a sufferer from rheumatism for many years. When this became worse heart disease made itself manifest. Early in April he suffered an attack of pneumonia poisoning. He had charge of the investigation of the park's trust in 1902.

You Can Wipe Your Shoes With a Fine White Handkerchief—A "Nugget" Polish Won't Rub Off

You won't brush your shoes with a handkerchief—of course not. But you are glad to know that a "Nugget" Polish is on to stay.

It never is sticky, never soils the clothing. Here is what you will notice when you first use "Nugget"—

—That the tiniest amount of polish is required—a little dab is enough to produce a soft, lustrous "shine."

—That to polish the shoes with "Nugget" is a matter of but a minute or two.

—That there is really no work about it.

—That the leather becomes soft and flexible, unsightly ridges disappear—the leather won't crack.

And then when you have found how easy it is to have well-groomed shoes—when you find your shoes

20,000,000 of this each year are sold to folks who have found this out.

"Nugget" Polishes and "Nugget" Kits (Polish, Brush and Selvyt Pad) are sold at good shoe stores, grocery stores and by dealers everywhere.

CAUSE OF DELAY

At Canal Bridge on
Dutton Street

The work of repairing the bridge over the canal near the Kitson Machine shop in Dutton street has met with a rather serious delay and patrons of the street railway will have to grin and bear the delay and annoyance of being transferred from car to car, for two more days, at least. A mistake in the length of the iron girders, or beams, is responsible for the delay. The beams are too short and will have to be added to by splicing, or new beams substituted. It was not known that the beams were too short until one was ready to be placed in position and then it was found to be too short.

RUNAWAY

ACCIDENT

LEO DONOVAN STOPPING A RUNAWAY HORSE

OPENS NEW TRIAL

Mountaineers Outdone
by Mrs. Cruikshank

BRETTON WOODS, N. H., July 25.—A tiny, slender little woman, Mrs. James A. Cruikshank of New York, last night completed a feat which no one of the many mountaineers who have for years attacked the ridges of the White mountains has ever attempted, the blazing of a new and easily possible trail from Mt. Field to Mt. Willey.

Accompanied by her husband, who was always in the rear and only present as a precaution, this dainty pioneer walked, crawled or climbed over 15 miles of mountain country, at least three miles of which had never been traversed previously, and most of which was as much as to test the feet in the powers of the most experienced mountaineers.

Mrs. Cruikshank is no novice at forest or wilderness exploration. Among her exploits is the distinction of being the only woman to climb Mt. Conner in the Adirondacks, following the record for women in traversing the Canadian Rockies and in being the only woman to explore the great Arizona canyons on foot.

To those acquainted with the White mountain country Mrs. Cruikshank's feat must stand out above most of those which have made her famous. She is the only woman to have traversed the various peaks. Although Mt. Field and Mt. Willey were already the terminals of trails from other mountaineers, they have never been connected by a navigable path until last night.

Some few men have covered the direct distance, but have never attempted

to guide and make easy the way of future travelers. No woman had previously attempted the journey. Never before was the territory covered so quickly and last night by Mrs. Cruikshank negotiated in a single day.

For Mrs. Cruikshank's intrepid powers the blazing journey consumed but 12 hours 40 minutes. In that time she traversed clearly and legibly, in the face of the Canadian frontier, the way of the trail. She sought for springs and indicated their presence. She overcame obstacles, clearing away dense underbrush and thickets, lopping off impeding limbs and laying branch paths over such swampy sections as ran across the body of the trail. Beautiful views were made known to future travelers and possible dangers shown by a warning additional blazes or two.

TO WIN \$500

WOMAN TO WALK FROM ST.
LOUIS TO BOSTON

ST. LOUIS, July 25.—Attired in a white shirt-waist and a black walking skirt and carrying an umbrella and a fan, Mrs. Christiana Schneider, aged 26, of 4136 Swan Ave., started yesterday at 8:30 o'clock to walk to Boston in 15 days to win the \$500 offered by Frank Johnson, a sport promoter.

She was accompanied by her husband, Henry J. Schneider, aged 25, who is to act as her escort and carry her baggage which consists of a bathing suit, a change of clothes, a toothbrush and a comb. They expect to average 38 miles per day and will make stops in Chicago, Detroit, Buffalo, Rochester, Syracuse and Albany. Mrs. Schneider expects to accomplish the feat in much less than 45 days, and regards the \$500 prize as easy money. She expects to walk from Boston to New York, Philadelphia, Washington and Baltimore, after completing her 1200-mile trek from St. Louis to Boston.

PRES. TUTTLE

MANCHESTER, July 29.—Lucius Tuttle, president of the Boston & Maine railroad for the last 20 years, finally refused last night to confirm or deny a report in the morning papers announcing his approaching retirement and the passing of the Boston & Maine into the management of President Charles S. Mellen of the New York, New Haven & Hartford Railroad company.

When approached on the subject Mr. Tuttle went into a rage, telling newspaper men to go to the sources from which the story came for an interview, but still refusing to declare the rumor false or true.

After a day spent in driving and golf at the Essex County club President Tuttle returned to his summer home at Kettle Cove, Magnolia last night. A company of newspaper men were waiting for him. The moment the subject was broached the railroad man became greatly agitated and talked so rapidly that the newspaper men could not get in their questions. "Don't tell me what you've seen in the papers," he said, as he banged the padlock gate. "I have heard of this rumor, and I won't say a word to anybody, either in confirmation or denial. Some one has taken this thing to a news bureau and had it distributed broadcast. It has no father, no mother, no one claims it. It is absolutely unauthorized."

"What do you think I am—a fool—a hopeless idiot—to talk about a thing like that when it affects my personal business?" Go and ask the sources from which this rumor came for an interview.

"Confirmation or denial? Don't ask me for a denial—go to the sources from which it came. I won't say a word."

ElevatorIn Which Miss Alice L. Snow
Was Badly Injured

Miss Alice L. Snow, of 120 Walker street, employed in the office of the William & Frank Bordening Co., was seriously injured in a runaway accident yesterday afternoon.

Miss Snow was alone in a carriage, owned by her employers and was at the corner of 120 and 5th streets when the front axle broke down and the horse, two rings freighted, started down School street in a mad dash. Miss Snow was thrown to the ground

and was picked up by witnesses on the street. She was removed to a tank hospital, where she is now lying. The carriage was badly damaged and the horse was killed.

It is believed that the accident was caused by a sudden stop of the horse, which caused the front axle to break.

Miss Snow is expected to recover from her injuries, but it is believed that she will be unable to return to her former position.

The carriage was owned by the William & Frank Bordening Co. and was being used for delivery purposes.

The horse was a two-year-old colt, valued at \$500.

Last Chance To Get a
Regular 25c
Package of Cerena For 5c

This Is The Last CERENA Day

Think of it we had to arrange for an overflow Cerena Day. So great was the response to our offer of a regular 25-cent package of Cerena for the coupon and five cents that it was necessary to obtain a fresh supply for today's distribution.

Any family in this city who has not yet obtained a package of this act-as-good-as-tastes food-remedy is making a mistake. This is your opportunity to surely cure yourself and your whole family of constipation once and forever, or of indigestion, heart-burn, dyspepsia or any other stomach or liver trouble, or of that tired, sleepy feeling.

It cures all these things, every one of them. It does it naturally. Yet Cerena contains no drugs. It is the most delicious food, too, that you have tasted in a long, long while. After you have tasted it once, you'll have a happy-hungry feeling for ever afterward.

Cerena is made of pure, selected home-bloom-tissue cereals, enriched by a wonderful process with delicious juice laden fruits and vegetables.

We are going to let you taste and see Cerena and have it on your table at our expense. We want you to be convinced that Cerena is just what we say it is, and if you will let the pills, cathartics and medicines alone, while trying Cerena, you'll be convinced that Cerena is doing the work it is supposed to do, and doing it more effectively than any medicine on earth. Once more, today is the last Cerena day.

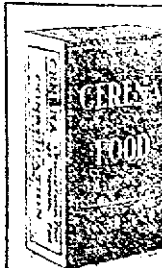

Remember that one package of Cerena will last you a month, or last your whole family a week. While you're eating it, you are being rapidly cured of constipation, indigestion, fermentation, stomach

troubles, biliousness and torpid liver; solid meat will be upon your bones and rich blood in your veins.

This is positively the last day that a coupon and 5 cents for a 25-cent package of Cerena will appear.

Cut out the coupon below and take it with five cents to your grocer. In exchange your grocer will give you absolutely free, a 25-cent package of the food-remedy, Cerena, that will be a revelation to you.

Take the package home and eat it. The whole family will have over it. Cut out the coupon and get the 25-cent Cerena package at your grocers today.

CERENA DAY COUPON

Cut out this coupon and take it with 5 cents to any grocer in any town. In exchange he will give you without cost, a regular 25-cent package of Cerena, the sure Food Remedy. If his supply has been exhausted, it is understood he is allowed 7 days in which to secure Cerena and redeem the coupon.

FIVE BISHOPS

Continued

deaconess, of Grace church, arrived at the Back Bay station at 2:15. The boys of the vestry choir of the New York church, in their cadet uniforms, marched from the station to the church where they donned their cassocks and surplices. The choir members of the choir arrived at the church in small groups.

Morgan Arrives Early

Although the service was not scheduled to begin until 3:30 there was a large gathering on hand awaiting admission an hour before that time. Owing to the heat most of such persons were permitted to enter the vestry and to wait there until the doors were opened at 2:50.

The ushers at the church were: J. Harleston Parker, John P. Reynolds, Jr., Dr. Edward Reynolds, of Boston; Edward Partridge, Philip R. Thompson, and Linzee Blagden, all of the Episcopal committee of Grace church, and Dr. S. H. Hopkins of All Saints church, Worcester.

From 2 until the hour of the service there was a steady stream of persons arriving at the church, until the seating capacity of the floor was practically reached. Mr. Morgan arrived about 3:10, and was seated about the foot of the church and in the vestry until just before the service began when he was shown to a seat by usher John P. Reynolds, Jr., with the members of the vestry of Grace church, who sat at the front and right of the main aisle. The members of the immediate family of Dr. Huntington sat on the opposite side of the aisle, with the deaconesses of Grace church near them.

More than a score of great floral pieces were laid along the altar rail and within the chancel.

At 3:25 organist James M. Helfenstein, harpist Miss Maude Morgan, and cellist Hans Kronold, all of Grace church, struck up Chopin's funeral march. The solemn strains played with wonderful feeling, filling the great edifice until it fairly throbbed with the beautiful harmony.

The Processional

The black casket, completely covered with magnificent white roses and lying in one great mound, was carried up the aisle on the shoulders of the pallbearers and was deposited just within the chancel.

Almost at the same instant the glorious notes of "Jesus Lives" came faintly ringing from the recesses of the vestry as the vestry choir of Grace church, preceded by Rev. George H. Buttone, vicar of Grace church, and Rev. Karl Rehland, rector's assistant of Grace church, and followed by about 40 clergymen and the several bishops marched in procession down through the church and up the central aisle to the chancel.

Although there were only about 10 clergymen in their vestments in this procession there were more than 50 others seated in the body of the church in plain clothes. The bishops in the procession were: Rt. Rev. Alex Mackay Smith, coadjutor bishop of

Pennsylvania, Rt. Rev. William McKim of Rhode Island, Rt. Rev. Frederick C. G. of St. Paul's church, Boston, new rector of St. James church, New York; Rt. Rev. David H. Greer of New York and Rt. Rev. William Lawrence of Massachusetts. Bishop-Elect Arthur S. Lloyd, national secretary of the Episcopal society, who was recently elected bishop coadjutor of Virginia, was also in the procession, which, as was customary, the bishops brought up the rear.

Three Bishops Take Part

As the rear of the long procession reached the centre of the main aisle, Bishop Lawrence began the "first sentences" of the Episcopal funeral service, beginning "I am the resurrection and the life" and he also read the scripture lesson, beginning at the 20th verse of the 15th chapter of the first epistle of St. Paul to the Corinthians.

The first psalm was sung by the congregation. The first psalm was responsive and the second was chanted. The choir of Grace church, after which "Rock of Ages" was sung by the choir, a beautiful effect. Bishop McKim of Rhode Island said the closing prayer, and the benediction was given by Bishop Greer.

The magnificent singing of the vestry choir with the accompaniment of organ, harp and cello was one of the beautiful features of the impressive service. The solo parts were taken by David Deedee, organist James McKim, bass, and Master Charles Butcher, soprano. The singing was directed by Graham Helfenstein.

Among some of the New York attendants at the service were: J. Pierpont Morgan, Francis Lynde, Stetson, Rev. McVie, K. Bulley, vicar's assistant at Grace church, Rev. W. E. Eddy of Grace church, Rev. H. M. Hopkins, formerly of Grace church and now of the Bronx; Rev. James W. Chalmers, formerly of Grace church; ten deaconesses of the staff of Grace church, 15 boys and 10 men from the vestry choir of Grace church, and three men from the same parish: Harry Parker, Montgomery Towns, and Wm. R. Stewart.

Many from Worcester

Among others present were Rev. Thomas F. Davies, Jr., rector; Rev. Chas. L. Short, senior assistant; Rev. C. J. Harriman, junior assistant; wardens, Frederick S. Pratt and Charles G. Washburn; vestrymen, Edward L. Davis, Chas. M. Bent, Wm. E. Rice, Geo. F. Hutchins, Chas. L. Nichols, George T. Dewey, Henry P. Murray, Chas. D. Lamson, George A. Smith, W. S. Hopkins and Edward T. Esty, all of All Saints church of Worcester.

Where Dr. Huntington was at one time rector, Rev. Dr. Alexander Mann, of Trinity church, Rev. Dr. Wm. Manning of Trinity church, New York City; Rev. Dr. Leonard K. Storr of Brookline, president of the standing committee of Massachusetts; Rev. Dr. Wm. G. Thayer of St. Mark's church, Southboro; Rev. Dr. Roland Cotton, South of Worcester; Rev. Dr. Roushmaniere of Providence, Rev. L. A. Wood of Arizona, Rev. Dr. Arthur Lawrence of Stockbridge, Rev. James Franks of Salem, Rev. S. H. Howard of Boston, Rev. Philip M. Rhineland of Cambridge, Rev. Frederick Palmer of Andover, Rev. L. Thayer, Rev. Dr. Edwood Worcester, of Emmanuel church, R. v. H. Birchard, Pres. Langdon C. Stewart of Hobart college, Geneva, N. Y., of which Dr. Huntington was a trustee, and others.

The attendance of J. Pierpont Morgan caused many to believe he is a member of Grace church, which is the case. Mr. Morgan for a number of

years has been a delegate to the general conventions of the Episcopal church, at which gatherings Dr. Huntington was always a prominent figure. In that way the capitalist had become friendly with the reverend rector of Grace church, and this explains his reason for coming to Boston to attend the services.

Mr. Morgan, after the services at the church, was among those who went to Mt. Auburn cemetery in Cambridge, where the burial service was read by Rev. Geo. H. Buttone, vicar of Grace church. Mr. Morgan returned to his hotel in Boston and expressed his intention of returning to New York late last night.

HELD IN \$3000

BLACKMAIL IS THE CHARGE AGAINST COUPLE

NEW YORK, July 29.—Lester F. Barry and his wife, Theresa M. Barry of Hamilton, Ont., were arraigned in the Yorkville police court here yesterday on a charge of attempted blackmail, brought by Samuel Meyers, a former deputy sheriff of Schenectady, N. Y.

Four letters alleged to have been written by the couple, in which money was demanded from Meyers, form the basis of the complaint. According to Meyers, who is 75 years old, he met Mrs. Barry, who is 26, on Broadway about five weeks ago. He saw her several times within the next few days. Then letters came to Meyers, purporting to be from Mrs. Barry's father, demanding \$10,000. Barry and his wife were held in \$3,000 bail.

WILL ALLOWED

KELLOGG LEFT AN ESTATE VALUED AT \$150,000

BOSTON, July 29.—The will of Chas. W. Kellogg, who died at Brookline, June 6, 1905, has been allowed by the Norfolk probate court. The whole estate, consisting of \$150,000 real estate and \$150,000 personal property, is to be divided among his children and grandchildren. Arthur K. Kellogg, of Boston, and Jane H. Kellogg of Brookline, are appointed executors, with sureties of \$50,000 each.

The will of Jane Hanson of Quincy, who died June 13, 1909, was also admitted to probate. It was valued at \$200,000 and \$200,000 personal property. All the property is left in equal shares to the three daughters. The real estate is left for the benefit of the husband for life and, at his death, to be equally divided among the daughters. If they survive, if two die, the share of the survivor is to be divided among the three daughters. If one dies, the share of the survivor is to be divided among the three daughters. The whole property shall go to the one who

survives.

Saturday, July 31st

TRUSTEE'S SALE OF THE MEUNIER PROPERTY IN THREE SEPARATE PARCELS, AT PUBLIC AUCTION, ON SATURDAY, JULY 31.

FIRST PARCEL CONSISTS OF A LOT OF LAND CONTAINING ABOUT 8000 SQ. FT. ON FIRST STREET, DRACUT, MASS., SECOND PARCEL A 2 1/2 STORY HOUSE, BARN, HENNERY, PIGGERIES AND ABOUT 5 1/2 ACRES OF LAND ON HAMPSON STREET IN DRACUT, MASS. THIRD PARCEL A COTTAGE HOUSE, BARN, HENNERY AND ABOUT 2 1/2 OF AN ACRE OF LAND ON HAMPSON STREET IN DRACUT, MASS.

FIRST PARCEL AT 2 P. M.

Which is located on First street, is but a short distance from McManmon's, the bookst, in what is better known as "Brookside." It has a large frontage on the main road, is a corner lot, electric cars pass by the same, and would make a very nice building site for someone who wanted to locate in the country and get on the five-cent ride.

SECOND PARCEL AT 3 P. M.

Consists of a 2 1/2 story house, large barn, two hen houses, four large piggeries, and about 5 1/2 acres of land. The house is a 2 1/2 story with four rooms on the first floor, four large airy and well lighted chambers on the second floor, and one large finished attic. There is a piazza running the full length of the front of the house, and the house is in excellent condition inside and out, and is a substantially built one in every respect. The barn which is built out a few years is 45x36 with an eight-foot collar, with driveway; there are three cow stalls, three horse stalls, ample room for carriages, and plenty of storage for hay and grain. There is a 50 foot henhouse divided into five compartments; it is built on a stone wall foundation; the roof is all tarred and it is in excellent shape. Leading from the henhouse is a large hen yard and it is wired in; also a large brood house, 8x20. Now, there are two piggeries, 60 feet long 27 feet wide, with a runways in the centre large enough for a truck to haul feed in. These piggeries are divided into pens, 5x10; also two piggeries, 15 ft. long divided into separate pens 15 ft. each. There is a large open space all fenced in for pigs; there is a running spring through part of the piggeries, so there is plenty of water through all seasons of the year. There are 25 acres of land, part in pasture and part under cultivation; there are a number of young fruit trees. About one half of this land is directly in front of the house and is very level and rich soil. Now then, the house sets back 20 feet from the street, the henhouse and barn at a reasonable distance in the rear and the piggeries at the extreme end. Although there have been no pigs kept on this place for the past year, it is property better adapted for the raising of pigs than any place within 10 miles of Lowell.

THIRD PARCEL AT 3.30 P. M.

Consists of a cozy four-room cottage, small stable, and henhouse, and about 3/4 of an acre of land. Now, this little place will have to be seen to be appreciated, and for someone who wants a place in the country they should look this parcel up. The fruit alone on this place will pay a large interest on the investment. The lot has a good frontage on the road and the cottage sets back on high land about 150 feet from the street. There is a small stable, hen house and large hen yard, and the property is always rented.

Now, the above three parcels which are located on Hampson street, Dracut, Mass., are just two miles from City hall, about five minutes' walk from the Lakeview line of cars at Greenboro, about 15 minutes' walk from the Cambridge and Navy yard mills, and within five minutes' walk of the school house. The property is located but a short distance from the old Bassett paper mill. Now, I think, for parties who want to get into the country, here are two very good parcels.

Terms: \$50 to be paid to the auctioneer on the first parcel as soon as struck off; \$200 to be paid to the auctioneer on the second parcel as soon as struck off; \$150 to be paid to the auctioneer on the third parcel as soon as struck off. The fact that the above three parcels are a trustee's sale, they will be positively sold for the highest bid, regardless of weather conditions. P. S.—A good farm wagon and pump will also be sold.

MILFORD GIRL WEDS A MAN IN ALBERTA

MILFORD, July 29.—A letter just received from Edmonton, in Alberta, gives the sequel to a romance begun in Milford several years ago, when Albert A. Johnston of New Brunswick came here to live and met Miss Susie D. Rogers.

Miss Rogers gave up her work in the office of a country here and on June 9 left Milford for Calgary on the Canadian Pacific railroad, a journey of nearly 3000 miles, where Mr. Johnston was waiting for her. They were married June 15. After a couple of weeks' sight-seeing in the mountains, Mr. and Mrs. Johnston went to Edmonton, 200 miles north of Calgary, where they are to make their home.

GETS INJUNCTION

WOMAN MADE APPEAL TO THE SUPREME COURT

BOSTON, July 29.—Angie M. Greenleaf brought a bill in the superior court yesterday against Geo. E. Brock and Horace W. Baxter, seeking a restraining order of her house in Surrey street, Brighton. Judge Richardson issued an injunction restraining Baxter from interfering with her quiet enjoyment of the premises and an order of notice returnable Monday.

She executed a mortgage for \$500 on the property in 1904 and by various assignments it was held by Joseph M. Green and Arthur P. French, trustees. The latter brought foreclosure proceedings and she went to Mr. Brock for advice, telling him at an offer of the mortgages to extend the time of the sale 30 days on payment of \$100.

RASHES—QUICK RELIEF

Prickly Heat, Hives, Heat Rashes, Chafing, Sunburn, Bites.

An original preparation that quickly stops the pain of any skin rash is found in X-Zalia fluid. It acts immediately on the poison and brings relief as quick as anything that could be used. It cools and soothes the skin when burned by the sun, chafed, or when the flesh is broken out by the heat, or poisoned by insect bites or plants. If one is not already using X-Zalia for such things, get a bottle from a druggist. Its effect in healing the skin is remarkable.

She alleges that Brock told her not to seek a postponement, but to let the sale go on and he would have a man bid in the property for her and she could redeem it in six months. She alleges that Samuel R. Knights was employed by Brock and that both of them attended the sale and bought her estate for \$1835, giving the name of Baxter as the purchaser.

Recently Baxter sought to eject her from the premises, claiming he wanted to make repairs. She has tendered him the amount due but alleges he refused to accept it.

REV. MR. GRIFFIN DEAD
BEDFORD, Mass., July 29.—Rev. Richard A. Griffin, for many years prominently identified with the Unitarian faith, an author and artist died at his home here of apoplexy late yesterday, aged 66 years.

Rev. Mr. Griffin was born in Reading, Eng., and was one of three brothers who were Baptist ministers in London, being associated with the Rev. Dr. Spurgeon at the London tabernacle where Rev. Mr. Griffin was pastor. He held pastorates at Marlboro, Augusta, Me., and Northampton.

IN POLICE COURT

Two Police Inspectors Assaulted by a Woman

Mrs. Ellen Malone, of Richmond street, being of the belief that her home is her castle, refused to allow inspectors Maher and Walsh to enter her home yesterday afternoon and to search for the articles which they would force an entrance if the door was not opened. A little strategic work on the part of the inspectors and the door was readily opened and the articles were secured. She then again stated that

The trouble came as a result of a former neighbor of Mrs. Malone's, now residing in Union street. Mrs. Peter Lynch, by name, reporting at the police station that Mrs. Malone was in

The inspectors arrived with a search warrant called at the Malone house in Richmond street to investigate the matter. When they reached the house they seemed trouble, for Mrs. Malone refused to allow them to enter. All they could do was to wait outside the woman's house with the request of the officers.

A scuffle on the part of one of the officers, while the other was talking to the woman, worked and when one of the inspectors got into the house he let the other in. After some difficulty she was placed in the patrol wagon and sent to the police station.

At the police court this morning, Mrs. Malone became hysterical when

Malone was charged with the larceny of household goods and assault upon officers, while her husband, James Malone, was charged with larceny.

Mrs. Peter Lynch said that she lived

was arrested and sent to jail for eight days. While she was in jail the Malones cared for her little boy and girl and when she got out and returned to her own home she found that the Malones had moved to Richmond street.

ANOTHER INVESTIGATION PLANNED.

An investigation of the street department at the mayor's request because he has found some paving blocks under size, if carried out with the formality of the police board hearing would waste more time of the officials chosen to transact the city's business. But it would keep up the turmoil and serve to convince the gullible that we are getting a great administration of our city's affairs.

FOR FREE HIDES.

Not only the people of New England but of the entire country will thank President Taft for having hides placed on the free list. It will benefit all the people by lowering the price of shoes, while it will injure nobody. The beef trust will lose a steady source of unearned profit by the removal of hides to the free list, but when it comes to a question between the people and the trusts, common justice and decency will favor the former. The republican party, however, stands by the trusts wherever possible.

SCHOOL VISITOR CHOSEN.

The school board by the election of a special visitor has added to the expense of medical inspection in the schools. Miss French has had experience in visiting the homes of children who are found to need medical or surgical treatment and claims to have accomplished good results in this way. It is possible that she may render valuable service by inducing the parents to look after the physical needs of their children but that remains to be seen. Should the results be disappointing no such position can become permanent.

BLERIOT AND HIS MACHINE.

M. Bleriot, the French inventor, made a march on Latham. The latter was asleep when Bleriot started and his anguish of mind was exceedingly great when he found that he had lost the opportunity to obtain fame and distinction. His trial the following day, however, proved a failure so that he cannot claim to stand on an equal footing with the great Bleriot.

In connection with Bleriot's feat it may be mentioned that the American owner of a department store in London on seeing Bleriot's airship wrote to the Morning Post offering to pay the expense of taking the machine to London for free exhibition in his store windows. In addition he offered to give \$1000 to any hospital the Mail might select. The offer was accepted and a fine illustration was given of the keen eye to advertisement possessed by an American merchant.

TAFT AND THE TARIFF.

President Taft's original tariff program demanded free hides, free coal, free petroleum, free iron ore, free lumber, reduction in the cotton schedules, reduction in the tariff on boots and shoes with slight reductions on gloves and hosiery.

It appears that while President Taft has secured something by his eleventh hour protest he has fallen far short of his original program, and the question now is whether he can afford to sign a bill that differs so widely from his original program. He may plead that he has secured all he could get from congress in justification of signing the compromise bill, but yet this will mean a disavowal of his pledges to the people. He is endeavoring to save himself and the party but he does not seem to succeed in securing the reductions that he and his party promised the people.

ORVILLE WRIGHT'S MARVELOUS WORK.

Hurrah for Orville Wright! Hurrah for the Wright brothers! They have sustained the reputation of the United States by their marvelous flight in an aeroplane carrying two men. If Bleriot broke the record for one man in crossing the British channel Orville Wright broke the world's record in an airship carrying two men. This feat was witnessed by President Taft and was a most significant event, their machine proving that the biplane style of airship is quite as successful if not more so than the monoplane style. The record made exceeded the record time in the air made by Wilbur Wright in France about a year ago. The difference, however, was only a few minutes, but Orville Wright asserts that he could easily have remained in the air three hours and a half, the length of time his supply of gasoline was good for. His feat of Tuesday, however, is but a trifle compared to what the Wrights are destined to do in the near future. The art of navigating the air is making wonderfully rapid progress.

THE CHOLERA INFANTUM SCOURGE.

This is the weather that tries the endurance of the little ones throughout the city: it is the time when extreme care must be exercised to prevent the germination of the digestive organs, marking the onset of that deadly disease, cholera infantum.

The cool shade of a pine tree and a glass of milk provided the little ones can then get food that suits their delicate stomachs. It is hard to get milk to suit in such places and a goodly band is a rule to get pure water. The city water is fairly good or at least is said to be free from typhoid germs, yet occasionally it is found to be rusty in some places, owing to the proximity to the hydrants at which the car splitters dip up or to the rusty condition of some of the service pipes.

The deaths from cholera infantum in Lowell average about 100 in a season. That record can be cut down by any child's parents will only endeavor to keep the little ones cool, lightly clad, properly nourished with wholesome food and protected against exposure to the sun and to the heat of kitchens where cooking is done in hot weather. In this hot weather a day spent in the woods would do a sick baby more good than the best medicine prescribed by the doctor. Plenty of cool air in the country means also plenty of cool food which is one of the best remedies, yet one that is very rare in the tobacco-scented districts of a city in hot weather.

A SUMMER PICTURE

From silver to yellow, from purple to blue, in the mountain the leaves have turned. The leaves are heavy with bloom. And wait for the moonlight to white on the gloom.

Far down the great valley I see through the night the lamps of the village shine steady and bright. But on my sweet silence there creeps a tone of labor or sorrow, or pleading or moan.

The night moths are fluttering about in the moon. Their wings from the blossoms shake softly perfume.

I know where the cups of the lilies are laid by the death of their sweetness that leaves on the air.

—Undenied.

If you were foolish enough to stop and think about it, yesterday was a pretty hot day.

By the way we didn't hear much complaint about brown-tail poisoning this summer and they do tell that the flight of the pest is about over.

The fellow who bought the fancy collar for his dog only to go home and find his missing is still mourning the loss of his dog.

Some of the folks who went to the golden slope still allow that New England isn't a bad place after all.

BLOODY BATTLE

200 Spaniards Killed in a Fight With the Moors

The young king is alarmed, too, that the revolution in protest of the Moroccan war had reached a very serious state in the district of Catalonia. There is much blood shed and artillery has been employed in the streets of Barcelona against the outbreak. The other towns struck by the revolution are reported to be fighting desperately behind barricades. The troops include mounted artillery and the defenses of the rebels have been aided with shot. The king yesterday issued a decree proclaiming martial law and the suspension of constitutional guarantees throughout Spain. Orders have been given to the governors of the provinces to crush the revolution at any cost without hesitation and without delay. At Rues, near Tarragona, disorders have occurred. At Alcor there has been much rioting in the streets, the gendarmes using the bayonets and killing and wounding many of the manifestants. At Calatayud, a place of about 10,000 inhabitants, the gendarmes invaded the market square, destroyed the council and did other material damage, which resulted in the shooting of the towns' gendarmes. Troops, of the 10th division, are on the roads and some of the towns were killed and some wounded in the fighting. Similar incidents occurred at other localities.

The hostility of the people toward the Moroccan campaign is also shown.

CAUSE OF DELAY

At Canal Bridge on
Dutton Street

The work of repairing the bridge over the canal near the Kilton Machine shop in Dutton street has met with a rather serious delay and patrons of the street railway will have to grin and bear the delay and annoyance of being transferred from car to car, for two more days, at least. A mistake in the length of the iron girder, or beam, is responsible for the delay. The beams are too short and will have to be added to by splicing, or new beams substituted. It was not known that the beams were too short until one was ready to be placed in position and then it was found to be too short.

RUNAWAY ACCIDENT OPENS NEW TRIAL

LEO DONOVAN STOPPING A RUNAWAY HORSE.

Mountaineers Outdone
by Mrs. Cruikshank

BRETTON WOODS, N. H., July 23.—A tiny, slender little woman, Mrs. James A. Cruikshank of New York, last night completed a feat, which no one of the many mountaineers who have for years attacked the ridges of the White mountains has ever accomplished, the blazing of a new and easily possible trail from Mt. Field to Mt. Willey.

Accompanied by her husband, who was always in the rear and only present as a precaution, this dainty pioneer walked, crawled or climbed over miles of mountain country, at least three miles of which had never been reached previously, and most of which was such as to test the best in the powers of the most experienced of mountaineers.

Mrs. Cruikshank is no novice at forest or wilderness exploration. Among her exploits is the distinction of being the only woman to climb Mt. Coggin in the Adirondacks, being the first woman to reach the summit of the mountain, and in being the only woman to explore the great Adirondack canyon on 7th.

To those acquainted with the White mountain country, Mrs. Cruikshank's feat must stand out as a most amazing achievement, and a most possible feat, as she has never been connected by a navigable path until last night.

Some few men have covered the distance, but have never attempted

to cutle and make easy the way of future travelers. No woman had previously attempted the journey. Never before was the territory covered yesterday and last night by Mrs. Cruikshank negotiated in a single day.

For Mrs. Cruikshank's untiring powers the blazing journey consumed but 12 hours 40 minutes. In that time she walked clearly and legibly, in the language of the Canadian frontiersman, the way of the trail. She sought for springs and indicated their presence. She overcame obstacles, clearing away dense underbrush and thickets, leaping over impending cliffs and laying hand paths over such swampy sections as ran across the body of the trail. Beautiful views were made known to future travelers and possible dangers shown by a warning additional blaze or two.

TO WIN \$500

WOMAN TO WALK FROM ST.
LOUIS TO BOSTON

ST. LOUIS, July 29.—Attired in a white shirt-waist and a black walking skirt and carrying an umbrella and a fan, Mrs. Christiana Schneider, aged 35, of 4436 Swan Ave., started yesterday at 8:30 o'clock to walk to Boston in 45 days to win the \$500 offered by Frank Johnson, a sport promoter.

She was accompanied by her husband, Henry J. Schneider, aged 35, who is to act as her escort and carry her baggage which consists of a leather grip. They expect to average 25 miles per day and will make stops in Chicago, Detroit, Buffalo, Rochester, Syracuse and Utica. Mrs. Schneider expects to accomplish the feat in much less than 45 days, and regards the \$500 prize as easy money. She expects to walk from Boston to New York, Philadelphia, Washington and Baltimore, after completing her 1200-mile trek from St. Louis to Boston.

PRES. TUTTLE

MANCHESTER, July 29.—Lucius Tuttle, president of the Boston & Maine railroad for the last 20 years, finally refused last night to confirm or deny a report in the morning papers announcing his approaching retirement and the passing of the Boston & Maine into the management of President Charles S. Mellen of the New York, New Haven & Hartford Railroad company.

When approached on the subject Mr. Tuttle went into a rage, telling newspaper men to go to the sources from which the story came for an interview, but still refusing to declare the rumor false or true.

After a day spent in driving and golf at the Essex County club President Tuttle returned to his summer home at Kettle Cove, Magnolia last night. A company of newspaper men were waiting for him. The moment the subject was broached the railroad man became greatly agitated and talked so rapidly that the newspaper men could not get in their questions.

"Don't tell me what you've seen in the papers," he said, as he banged the paddock gate. "I have heard of this rumor, and I won't say a word to anybody, either in confirmation or denial. Some one has taken this thing to a news bureau and had it distributed broadcast. It has no father, no mother, no one claims it, it is absolutely unauthoritative."

"What do you think I am—a fool—a hopeless idiot—to talk about a thing like that when it affects my personal business? Go and ask the sources from which this rumor came for an interview."

"Confirmation or denial? Don't ask me for a denial—go to the sources from which it came. I won't say a word."

Last Chance To Get a
Regular 25c
Package of Cerena For 5c
This Is The Last CERENA Day

Think of it we had to arrange for an overflow Cerena Day. So great was the response to our offer of a regular 25-cent package of Cerena for the coupon and five cents that it was necessary to obtain a fresh supply for today's distribution.

Any family in this city who has not yet obtained a package of this act-as-good-as-tastes need remedy is making a mistake. This is your opportunity to surely cure yourself and your whole family of constipation once and forever, or of indigestion, heartburn, dyspepsia or any other stomach or liver trouble, or of that tired, sleepy feeling.

It cures all these things, everyone of them. It does it naturally. Yet Cerena contains no drugs. It is the most delicious of foods that you have tasted in a long, long while. After you have tasted it once, you will have a happy-go-lucky feeling for ever afterward.

Cerena is made of pure, selected bone-blood-tissue cereals, combined by a wonderful process with delicious juice laden fruits and vegetables.

We are going to let you taste and see Cerena and have it on your table, at our expense. We want you to be convinced that Cerena is just what you need, and if you will let the pills, cathartics and medicines alone, while trying Cerena, you'll be convinced that Cerena is doing the work it is supposed to do, and doing it more effectively than any medicine on earth. Once more, today is the last Cerena day.

Remember that one package of Cerena will last you a month, or last your whole family a week. While you're calling it, you are being rapidly cured of constipation, indigestion, fermentation, stomach

troubles, biliousness and torpid liver; solid meat will be put on your bones and rich blood in your veins.

This is positively the last day that a coupon and 5 cents for a 25-cent package of Cerena will appear.

Cut out the coupon below and take it with five cents to your grocer. In exchange your grocer will give you absolutely free, a 25-cent package of the food-remedy, Cerena, that will be a revelation to you.

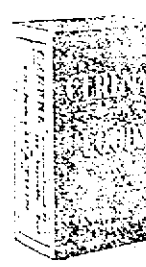

Take the package home and eat it. The whole family will rave over it. Cut out the coupon and get the 25-cent Cerena package at your grocer's today.

Was Badly Injured

Miss Alice L. Snow, of 210 Walker street, employed in the office of the Whitman & Pratt Rendering Co., was seriously injured in a runaway accident yesterday afternoon.

Miss Snow was alone in a carriage owned by her employers and was at the corner of Rock and School streets when the front axle broke down and the horse, becoming frightened, started down School street at a mad gallop. Miss Snow was thrown to the street

and picked up by witnesses to the accident. She was removed in a hack to the office of her employers and was later taken home. Her condition is somewhat improved and fortunately her injuries are not of a permanent nature.

The horse crossed the canal bridge and started into the water. It was rescued by a man who was passing by and was taken into the water. The horse was badly injured and was later killed. The driver of the horse was also injured and was taken to the hospital. The horse was later found in the water and was killed. The driver of the horse was also injured and was taken to the hospital. The horse was later found in the water and was killed. The driver of the horse was also injured and was taken to the hospital.

NAPOLEON J. RIVET

Denied a New Trial By Judges
Harris and Hitchcock

A new trial was denied Napoleon J. Rivet of Lowell by Judges Harris and Hitchcock in the superior court in Cambridge, this afternoon.

Rivet was convicted Feb. 4, of murder in the first degree. It was alleged that he killed Joseph Gailloux in Lowell, Feb. 29, 1908.

CLINTON TUTTLE OUT ON STRIKE

His Patronage Desired
by New York Hotels

As an illustration of the enterprise of New York hotels just see what has happened to Clinton P. Tuttle of the city auditor's office.

Clinton had planned an European trip and his plans were laid bare in The Sun. Just for that Clinton's troubles are a little less than many and the demand upon his time by proprietors or managers of hotels and "wine basket supplies" is so great as to look like work for a private secretary.

In one mail today Clinton received communications from no less than 10 hotels and in two instances, that of the Waldorf and Hotel Seville, maps of the city of New York and booklets containing elaborate information as to hotel appointments, location and service were included.

Another communication told of "Rip-in's Bon Voyage Wine-Basket" which is spoken of as an "appropriate accessory for a trip abroad." Sparkling wine is advertised as a positive cure for sea sickness.

These communications, in full dress, have Clinton almost convinced that he made a big mistake in not making the trip that he had planned. It was in The Sun that his plans for a trip abroad were mentioned, which goes to show that The Sun is read in New York, even by hotel managers.

FOOT CRUSHED

Painful Accident to East
Chelmsford Boy

Thomas French, 12 years old, and living in Centre street, East Chelmsford, met with a very painful accident this afternoon. A horse belonging to some plasterers who were at work in a cellar wandered away and Thomas went after the horse. He found it in a field not far away and upon taking hold of the rein near the bit the horse turned quickly and tramped on the boy's left foot, crushing the bones and turning the foot into a pulp. The boy was taken to the Emergency hospital in Tyler street for treatment.

PAY DAY
EMPLOYEES OF THE LOCAL MILLS
GET THEIR MONEY

This is pay day in the local mills of the Bigelow Carpet company and although the mills are closed this week for vacation, a goodly number of the employees were on hand to receive their pay envelopes. These who are spending the week out of town will receive their pay on Monday. It is understood that the carpet will not close during Labor day or carnival week.

WIFE ENTERS SUIT

NEW YORK, July 29.—Arthur F. Erlanger, who inherited a quarter interest in the \$500,000 estate of his father, Nathan, has been sued for separation by his wife, Ida. Justice Henschel granted her permission yesterday to serve the papers by publication, as she alleges her husband deserted her and their two children last December, and she has not since learned his address.

Mrs. Erlanger believes her husband is either in Georgia or Alabama, as letters postmarked from these states are alleged to have been received by her. She alleges that Erlanger has \$140 weekly income. The suit provides that Erlanger shall have \$200 a week when he is 30 years of age. He is now 27.

POLICE COMMISSIONERS

The names of the new police commissioners, Messrs. Harris, Burns and McBratney, do not appear on the police pay rolls. Unless they receive covering salary amounts they cannot draw on the city treasury until accounts double that they are legally in office.

MUNICIPAL OUTING

Because of a previous engagement on the grounds the municipal outing for 1909 cannot be held at Jupiter Grove on August 12. The committee will get together at an early date and decide on another date for their annual outing.

TROOPS BEATEN

By Mobs at Barcelona Who
Committed Wild Excesses

LONDON, July 29.—Special advices from Biarritz near the Spanish frontier state that the situation at Barcelona is rendered desperate by the absence of a sufficient military force capable of putting down the revolutionists. This condition results from the dispatch of all available troops to Meilla. The garrisons throughout Catalonia have thus been reduced to 600 men, while the revolutionists at Barcelona and adjacent towns far exceed that number.

The government forces are also scattered by the need of quelling outbreaks at many detached points. The destruction of the railway and telegraph lines in the province, owing to the military elements and strikers, is a serious handicap to the government. The situation is rendered more desperate by the fact that the revolutionists are in possession of the city of Barcelona. The line from Madrid to Barcelona is a scene of desolation. Wide trenches have been dug across the railway and telegraph lines in the country districts. The Spanish bridges spanning the streets in several towns have been pulled down. Electric enclosures are in progress throughout Barcelona. The artillery has been used against the barricades, but the troops have made little progress in quelling the revolt. Attempts on the life of the Capt. general continue as the stations the troops. The government forces have been obliged to act on the defensive, attacking only when absolutely compelled by the menacing position of the revolutionists. The law-abiding element is in order to keep the main doors. The artillery is in position along the avenues and central quarters.

The terror-stricken people are fleeing from the larger towns to the open country and the small villages where there is less danger. The situation is further complicated by the fact that the general strike instituted by the labor unions two days ago.

A special despatch from Gibraltar says old Spanish batteries stationed in that vicinity have received orders to be taken to Meilla.

It is expected that large numbers of troops will leave in the course of the day. More than 100 wounded Spaniards were landed this morning and taken to the hospital.

The extent of the disaster is plain. Reports from Gen. Mariano's despatch as given out at the war office today. He says:

"On July 27th the Moors cut the railroad severing communication with our outposts. Our batteries posted the Moors but the advanced posts were endangered and they had to be abandoned. The situation at Meilla is grave despite the desperate bravery of the troops who are now fighting under the walls of the city. Our losses in the engagement were Gen. Pintos, a colonel, two lieutenant-colonels, five captains, many officers and soldiers and about 1000 men. The wounded number at least 1500, including many officers. The hippodrome is full of wounded soldiers. Two generals were mortally wounded."

NAVAL MILITIA CALLED OUT

MADRID, July 29.—In view of the grave situation in Barcelona which steadily has been growing more serious, the naval militia has been ordered to that city. The minister of the interior, now termed the Spanish fleet, today announced that any necessary measures would be taken.

paper printing reports disseminating with official information would be prosecuted and the edition suppressed.

A statement was issued this morning by the ministry of finance designed to stop the fall of Spanish securities. It says that the treasury balance is \$18,000,000 of which \$11,500,000 is in gold. No extraordinary taxes are contemplated since the declaration of martial law through Spain yesterday the censorship over news has been more severe.

The complete mobilization of the Spanish army has been ordered. All officers on leave have been recalled. The reserves of all classes have been summoned to the colors. The railroad lines in the north of Spain are strictly guarded and no one is allowed to enter Spain without the permission of the military authorities.

The garrisons at Burgos, Logrono, Victoria and other towns are under arms. The censor forbids telegraphic communication with Bilbao.

The royal family is hastily returning to Madrid from San Sebastian. It is reported that Premier Maura has tendered his resignation but that King Alfonso has declined to accept it.

HOLD UPPER HAND

DIARRITZ, NEAR SPANISH FRONTIER, July 29.—The desperate condition of affairs at Barcelona is shown in reports received here from the disturbed city. These show that the revolutionary element holds the upper hand. The government troops unable to take the revolutionary stronghold have been forced to abandon several quarters, leaving the revolutionists in control.

The streets of the city are barricaded with high piles of stones. The furniture and plants are heaped in these barricades to the height of the first stories. The arrival of reinforcements so urgently needed by the government forces is retarded by the destruction of railroads and the avenues of communication leading to the city.

The revolutionists are heavily armed with machine guns and revolvers. They have an effective organization and hospital equipment which promptly looks after the dead and wounded.

With the arrival of a regiment of reinforcements which the government succeeded in getting through yesterday the inhabitants were notified to keep within doors for the succeeding 11 hours. The peacekeeping force of the government forces raked the streets where barricades had been erected, causing great havoc among them and in some cases demolishing them. The government is now seeking the withdrawal of the troops from the land communication of the troops is interrupted. All available supplies are being hurried to Barcelona. Whether there is an ulterior political purpose behind the revolutionary uprising throughout Catalonia is not yet clear. Outwardly the movement is that of a protest against the government's policy in Morocco and its levy of a large reserve for war purposes.

REVOLUTION IN SPAIN

PARIS, July 29.—The internal situation in Spain now completely over shadows the war in Africa in the eyes of Europe. The decision of Premier Maura's cabinet yesterday to place the country under martial law and employ the army to suppress the revolt in Catalonia or as an alternative move to convene parliament may prove an extension of the insurance which would endanger the dynasty. Preparations now being made in Madrid to quell the disturbances include the dispatch of 10,000 men of the entire third and fourth army corps and the Madrid cavalry brigade under command of Prince Charles of Bourbon who was able to leave for Meilla. Prince Ferdinand of Bavaria is one of the expedition commanders. The military withdrawal of troops from Africa left fewer than 5000 men in the division at Barcelona and the informed mob after committing all sorts of excesses including the burning and looting of church property everywhere erected barricades to hold their positions.

MACHINE GUNS USED

PARIS, July 29.—Special dispatches received here today say the dispatch yesterday in Barcelona was more and more a matter of desperate and blind fury. Machine guns and rifles were used against the strikers. The soldiers and buildings are strewn with the bodies of the victims. Everywhere were seen the bodies of the victims. The situation is grave.

SITUATION IS GRAVE

LONDON, July 29.—Information received through diplomatic channels in London leads to the conclusion that the gravity of the situation in Spain. It is intimated that there is reason to fear the situation at Madrid itself has been imperiled by the revolutionists.

6000 MOORS MADE ATTACK

ALBUQUERQUE, Morocco, July 29.—An army of 6000 Moors is now attacking this place.

Albuquerque is a small island fortress and a town, situated in the north of Morocco. It is situated in the Mediterranean at the coast of Morocco, five miles southeast of Cape Xorru.

BATTERING THE BARRICADES

CLERMONT, France, Spanish Frontier, July 29.—Spanish couriers arriving here today report that artillery is battering the barricades behind which the insurgents are desperately fighting in Barcelona. Heavy fighting is now in progress on the Rambla in San Antonio square and the Calla del Ego. The number of dead and wounded cannot be estimated, but it is believed to be heavy.

Five convents and several private residences have been burned at Llorca.

DISASTROUS DEFEAT

MADRID, July 29.—The official despatch received here today, admit that the battle between Moorish tribesmen and the Spanish forces outside of Meilla July 27 was a disastrous defeat. The Moors cut off the communications with the Spanish outposts and the main force of the Spaniards was driven back under the walls of the city where fighting continued desperately in the city. The Spaniards killed and wounded numbered almost 3000, which takes no account of the men at the advanced posts, who evidently were cut off and abandoned to their fate. Meilla is full of wounded men.

WILL COST \$1200

Belvidere Woolen Mills
Ask for Permit

The Belvidere Woolen mills in Lawrence street have been granted a permit at the office of the inspector of lands and buildings for the erection of a tower on their property. The tower will be for the purpose of water closets and will be 54 feet in height. The estimated cost is \$1200.

HELD AN OUTING

Insurance Men Went to
Richardson's Farm

The employees of the local branch of the Prudential Life Insurance company are enjoying an outing at Richardson's farm, Belvidere, today. It being the annual outing tendered by the management. Arrangements for the affair have been under way for several weeks and there is every indication that the day's event will eclipse the affairs of former years.

The guests of honor at the outing was Supr. Frank of the Manchester, N. H. branch of the company. Thomas J. Lynch was the chairman of the committee on arrangements.

SENATOR FRYE

Caused Some Fun in
U. S. Senate

WASHINGTON, July 29.—The senate spent half an hour today discussing the question whether the senate should agree to a unanimous consent arrangement.

The policy was raised by the presentation by Senator Bailey of a report on the cancellation of the agreement with the conference report on the tariff bill was pending. Mr. Bailey had a request from the fact that there was a large number of post mortems in the calendar to which no objection was made and what he said might as well be passed now as at any time. A motion was made by a number of senators and Mr. Bailey withdrew his proposition.

During the discussion it was noted that one of the senators who had been denied to have a chance to speak in the senate had been denied to have a chance to speak in the senate. Mr. Frye replied: "It is very satisfactory that that man should be allowed to speak." The remark of the senator from Maine came so unexpectedly that the senate was startled with laughter. The senate then adjourned.

ROYAL ARCANUM

Great Union Picnic Held at
Willow Dale Today

The annual union picnic of the local council and North, Billerica council of the Royal Arcanum is being held at Willow Dale this afternoon. Shortly after noon the crowd started to gather in the square to board the cars for the picnic grounds and about 3 o'clock there were several thousand at the date.

The several councils unite annually to give the members and their friends a gala day and the attendance today surpassed that of any of the previous affairs.

Special cars were run every few minutes during the early part of the afternoon and there were plenty of cars to accommodate the pleasure seekers.

One of the features of the afternoon was a baseball game between Lowell council and Industry council. There was also held a fine list of sports including the following: 100 yards dash, hop, step and jump, boys' 100 yards dash, 50 yards dash for ladies; men's three-legged race, boat race and ladies' ball throwing.

After evening there will be dancing under the direction of Albion T. Kelly, who has been appointed floor director. The committee in charge of the affair is as follows:

Lowell Council—Fred Chandler.

Honorary Parole: Samuel Barber and George McElroy.

Industry council—R. T. Mower, Jas. Gorman, Jan. S. Dun and John W. Sharkey.

Rockhampton council—Alberic Teltier, Rodolph Viennet, Alberic Brunchaud and David A. Parthenais.

Centerville council—H. D. Titcomb, W. V. Johnson, Clinton Saigal and IL Titcomb.

Chairman of sports, James Gorman; general manager, Fred Chandler; secretary, treasurer, John W. Sharkey; committee on grounds, Alberic Brunchaud; printing committee, Rodolph Viennet.

Martin Luther's Outing

The semi-monthly outing of the Martin Luther is being held this afternoon at their camp "up the river." The members left the square shortly after noon and went to the Vesper boat landing, where they boarded the steamboat Governor Allen which carried them to the grounds.

Outing at Nabnasset

The members of the Pawtucket Congregational church are enjoying an outing at Nabnasset grove today.

A LOWELL MAN

Held for Grand Jury on Breaking
and Entering Charge

John B. Boyle was arraigned before Judge Dickman in police court this morning on a complaint charging him with attempting to break and enter the room of Wm. F. Evans at 236 Appleton street and commit larceny.

Boyle entered a plea of not guilty but probable cause was found and he was held under \$500 bonds for the grand jury.

Mr. Evans testified that he was awakened shortly before 4 o'clock yesterday morning by the sounding of his alarm clock. While lying awake he heard the screen, which was under the window, drop out. Waiting for a few minutes, he arose and was starting to go toward the window when he saw Boyle jump up on the window and then drop back into the yard. Evans asked Boyle what he wanted and he said: "I am looking for my pants."

Boyle fled into Appleton street and a few minutes later Evans, partially at the time, came chase. He chased Boyle through Appleton street, to South Lothrop street, through an alleyway, then through the back street through North Lothrop street and into Jackson street.

ANOTHER STRIKE

Is Threatened By the
Weavers

SOMERSWORTH, N. H., July 29.—A strike among the 500 weavers at the Great Falls Mfg. Co., where a strike among the 52 loomfixers has been settled was threatened this afternoon. The loomfixers returned to work today having secured a restoration of 10 percent out of last April. The company expected the weavers back to work by noon.

Several of the leaders of the weavers said this afternoon that they expected to hold a mass meeting for the purpose of discussing the situation among the weavers as they believed they ought to share in the increase of wages as well as the loomfixers.

6 O'CLOCK MAYOR RETURNS He Has Been Looking Up Auto Fire Apparatus

The mayor, Chief Hanson and Police Agent MacKenzie are back from Buffalo. They arrived home this morning after having visited the plant of the R. B. Thomas & Co. company in that city and at the expense of that company. Money has been appropriated for the purchase of automobile fire apparatus and the plants of the companies making such apparatus are being visited and their products examined. Just how much will that will be seen. The mayor, Chief Hanson and the purchasing agent will visit the Knox plant at Springfield next week. The construction of the plant has already visited this plant, but once the committee made its recommendations it was through, and by the way things are going it does not seem as if the committee's trip to Springfield counted for much.

After all visits to plants where such apparatus in question is manufactured have been made, Purchasing Agent MacKenzie will draft specifications and bids will be called for.

The mayor didn't have much to say about his trip. Purchasing Agent MacKenzie, however, talked quite interestingly of the trip, especially of the "seen and heard" adventures in Buffalo.

The R. B. Thomas & Co. or the plant of the Thomas Flyer" said Mr. MacKenzie, "is a big one. The company has home-made buildings to sell. It is adding, and I should judge, that business is good with the Thomas Flyer people."

For years their plant has supplied the out home of the late Governor Cleveland and while the old Cleveland plant has been preserved for some time, I presume, it is now being torn down, because of the demand made upon the company for expansion.

"The dealers in the Thomas Flyer were holding a three days' convention in Buffalo and we arrived there on the last day of the convention. The company appropriated no less than \$100,000 to defray the expenses of the convention which was held for the purpose of exchanging ideas and for the purpose of suggestions for the smoothing over of rough places and making the smooth places smoother. These automobile companies don't seem to think much of expense. Competition is so sharp that they can't afford to make an expense."

For automobile fire apparatus the Thomas Flyer people make only the chassis. The rest of the machine is made by the Webb Fire Apparatus Co. of Detroit, which may be visited later.

LILLIAN NORDICA Becomes the Wife of George W. Young, Banker

LONDON, July 29.—George W. Young, the banker of New York and Miss Lillian Nordica, were married at King's Weigh House church in Grosvenor square, today, in the presence of a few friends. Madame Nordica wore a gown of pale gray satin, the corsage being covered with rare old Venetian lace. She wore no hat or veil but instead a chaplet of laurel leaves. Her only ornament was a string of pearls a gift from the bridegroom.

James R. Carter, the secretary of the American embassy in London, gave away the bride and Fred Towns and Martin of New York were best men. Miss Nordica's sister, Mrs. Easton Del Castillo, Mrs. Baldwin, and W. Fenton

MINERS' STRIKE Latest Phase of the Situation

GLACE BAY, C. E., July 29.—The most recent phase of the miners' strike at the collieries of the Dominion Coal company is the offering a large reward by the company and by the authorities for the conviction of the persons concerned in the acts of violence which have occurred in connection with the strike. President Ross of the company has offered a reward of \$1,000 for the conviction of the persons who assaulted R. McPherson, an agent man, while he was going in the direction of one of the company's collieries on his way to attend his sister's funeral at Watford. The company authorities offer \$500 for information regarding the persons who attempted to blow up the residence of Manager Simpson of Dominion No. 1 colliery and an equal amount for information as to the persons who exploded a bomb at the Chamber mines, Wednesday last.

LOSS IS \$30,000 Fire Broke Out in the B. & M. Roundhouse at Somerville

SOMERVILLE, July 29.—Five big engines, valued for the night at the Boston & Maine roundhouse at Somerville, were destroyed by a fire which broke out today, resulting in a loss of \$30,000. The fire broke out in the roundhouse at about 10 o'clock and spread rapidly. The engines were saved by the promptness of the firemen. A fire switching engine was slightly damaged.

The railroad estimates that the damage will amount to \$30,000.

The loss was a difficult one to fight for two lines of loss, a thousand feet of track in the roundhouse, and the loss of the engines and the loss of the freight cars that stood on sidings around the roundhouse.

The cause of the fire is supposed to be a spark from a locomotive.

MRS. BEN TEAL MAY BE RELEASED FROM THE JAIL

NEW YORK, July 29.—Mrs. Ben Teal, wife of the theatrical manager, who was sentenced to serve one year in the penitentiary for alleged subornation of a jury in connection with the divorce suit of Mrs. Frank J. Gould, will have her case argued before the court of appeals the first week in October.

Maude B. Blumhagen has been indicted by a grand jury of the city of New York for the same offense. She is now in the custody of the police.

When asked at the case last night, she said:

"It will mean the minimizing of the period of incarceration by at least two months, but most of all clear her of the stigma attached to being guilty of a crime."

LIEUT. LAHM PLACED IN COMMAND OF BAL- LOON CORPS

DESS, MISSOURI, July 29.—Colonel Frank West, commandant at Fort Des Moines, announced today that Lieut. Frank Lahm, who was a passenger with Gravelle Wright when the latter made a world's altitude record, has been placed in command of the balloon corps that will take part in the military maneuvers at the lower fair grounds on September 29 to 31.

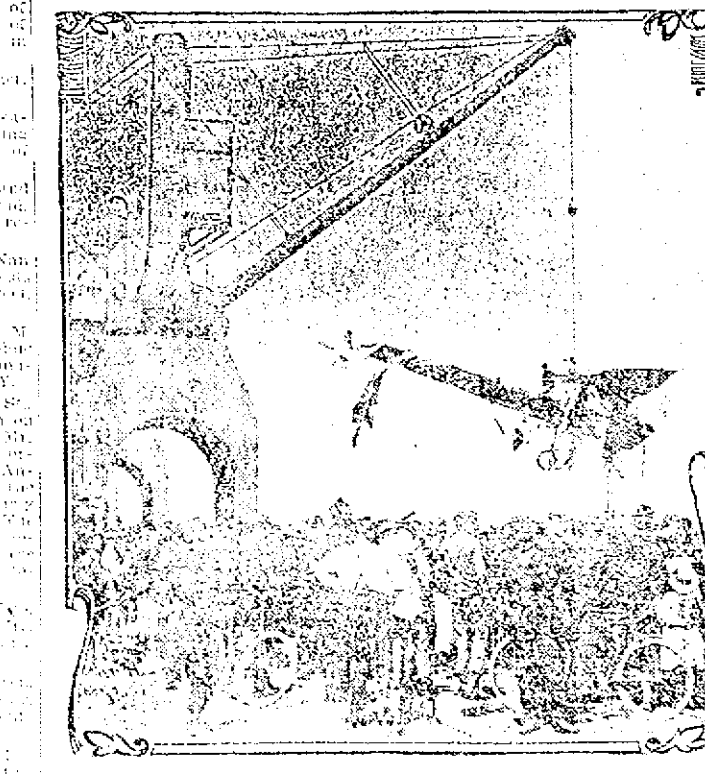

A World's altitude, two military dirigibles, balloons of the balloon type and a number of captive balloons will be at his disposal. The signal and balloon corps will arrive for practice on September 12. A field of 100 acres adjoining the fair grounds has been rented for the aeromarine maneuvers.

GUTHRIE, ORE., July 29.—An announcement was made yesterday of the marriage of Floyd Willis and Clyde Geist, the two star pitchers of the Guthrie team of the Western association, to the Chicago Nationals. The ceremony was held at the residence of the bride's father, Mr. Willis, who is a cousin of the Willis of Pittsburgh, has been 16 out of 19 games pitched this season. Geist is one of the hardest hitters in the league in addition to being a winning pitcher.

THE CZAR'S TRIP
KIEV, July 29.—The Russian imperial yacht, anchored with Emperor Nicholas and Empress Alexandra and their children on board, started through the Kiel canal today. Both banks of the canal are picketed with marines and squadrons of cavalry are patrolling the canal. A storm in the North Sea is threatening but probably doing what it was when she left Washington for Copenhagen, where Emperor Nicholas is going to pay a visit to President Ballou.

GOVERNORS' DAY At the N. E. Inter-State Match

WAKEFIELD, July 29.—Governors day, together with the competition in the chief event of the tourney, the New England Inter-State match, promised to make today the most important of the New England Military Rifle association's fifth annual tournament at the Bay State range. Gov. Eben S. Draper of Massachusetts had signified his intention of being present at the opening of the premier event today and it was also expected that Gov. Henry M. Quimby of New Hampshire and Gov. F. M. Fernald of Maine would also attend.

Two Police Inspectors Assaulted by a Woman

Mrs. Ellen Malone, of Richmond street, being of the belief that her home is her castle, refused to allow the inspectors Maher and Walsh to enter her house yesterday afternoon and defied them when they stated they would force an entrance if the door was not opened. A little strategic work on the part of the inspectors resulted in their getting into the house but they did not move the woman under arrest until after she had put up a spirited battle.

The trouble came as a result of a former neighbor of Mrs. Malone's, now residing in Union street, Mrs. Peter Lynch, by name, reporting to the police station that Mrs. Malone was in possession of considerable household property which belonged to her.

The inspectors arrived with a search warrant called at the Malone house in Richmond street to investigate the matter. When they reached the house they were met by Mrs. Malone, who refused to allow them to enter. All forms of persuasion failed to make the woman comply with the request of the officers.

A scuffle on the part of one of the officers, while the other was talking to the woman, worked and when the inspectors got into the house he left the door in the afternoon. Some difficulty was placed in the patrol wagon and sent to the police station.

In police court this morning Mrs. Malone was charged with the larceny of household goods and assault upon officers, while her husband, James Malone, was charged with larceny.

Mrs. Peter Lynch said that she lived in the same tenement in Union street with the Malones and that recently she was arrested and sent to jail for eight days. While she was in jail the Malones cared for her little boy and girl and when she got out and returned to her own home she found that the Malones had moved to Richmond street and taken with them their trunks, crockery, pans and several other articles.

THE PRESIDENT Cannot Accept Rate on Lumber

WASHINGTON, July 29.—Through a written communication the president has advised the tariff committee that he cannot accept a rate exceeding \$125 on rough lumber and that he will insist upon the same rates on dressed and hewn lumber. The democratic members of the conference committee, who have been called by today's meeting, which was scheduled for 10 o'clock, remained only until 10:30 a.m.

SLOW PROGRESS IN CONVEYING STONE ON CAPE COD CANAL

SANDWICH, July 29.—The slow progress which is being made in conveying stone for the Cape Cod canal from the Maine quarries by sailing vessels is said to be causing more delay in the work and is expected to result in a new method of transporting the stone here—that of having the stone sent from the quarries to their destination. As it is now the contractor who has charge of the stone at this end is receiving it so slowly that his men and machinery are idle much of the time.

Under the contract call for the dumping of 100,000 tons of stone a day for six years but because of the exposed position in which the vessels are compelled to lie in Cape Cod bay and the ensuing difficulty in obtaining crews together with the dependence upon wind and tide to which all sailing craft are subjected to there is considerable difficulty in carrying out the work.

TAFT PLAYED GOLF BEVERLY, July 29.—Golf again claimed the attention of Robert Taft, the president's son, today. He is reported over to the links of the Essex Country club and went over the course a couple of times. Charles Taft, the youngest member of the family, will remain at Gloucester as a guest in the family of John Hayes Hammond. He was expected to return later in the day.

PRIZE FIGHTING WILL NOT BE ALLOWED IN COLORADO

DENVER, Colo., July 29.—Gov. Shafert declares that the law against prize fighting will be enforced during his term and that there will be no prize fights in Colorado. He said that he would not allow prize fighting in the state and that he would not allow prize fighting in the state and that he would not allow prize fighting in the state.

GRAY REFUSED \$1295

Lynn Made 14 Hits off Three Lowell Twirlers

For the Release of Clover Short- Stop Jack Wilkie

Wilkie Arrived in Lowell This
Morning and Will Play at Lynn
This Afternoon—Double-header
on Saturday

That Manager James J. Gray of the Lowell team means to get a good team for this city is evidenced by the fact that he has refused \$1250 for the release of Jack Wilkie, the crack shortstop of the Tri-State league, who arrived in Lowell this morning and who will play his first game in Lowell this afternoon. Wilkie is a native Easton, and has been playing at Johnston and other cities in Pennsylvania. He once signed a Lowell contract, but never showed up. When Manager Gray heard that he was playing in Pennsylvania, he immediately sent for him, to come to Lowell. When Wilkie refused to be released to give him up and Gray appealed to the National commission, which decided that Wilkie must play with Lowell or obtain a release from Gray. Manager Bouch of the Johnston team then wired Manager Gray, offering him \$500 for Wilkie's release. The latter refused, and when the refusal was learned at Johnston a subscription was taken up and \$495 additional was raised. Manager Bouch then wired an offer of \$1250 for Wilkie, but Manager Gray again refused, and Wilkie came along with the morning train. His batting average is .285 and his fielding average .960.

Tom Bannen, formerly with the Lowell team, has caught on with Brockton and will be seen at Spaulding park tomorrow and Saturday. A doubleheader will be played on Saturday, the first game at 2 o'clock. Mary Gorman, the new pitcher from Panama, will pitch the first game for Lowell on Saturday. Whitehead will pitch today and Lynn.

SUSAN MERRILL

**To be Asked to Testify Again in
the Thaw Case**

WHITE PLAINS, N. Y., July 29.—
Pale and somewhat haggard, although
confident of his ability to prove his
sanity, Harry K. Thaw appeared in the
supreme court room today for the sec-
ond day's examination by District At-
torney Jerome. Thaw's examination
was delayed a few moments while his
attorney talked with Clifford Harridge,
Thaw's former counsel. Harridge is
the man from whom Susan Merrill said
she received \$25,000 paid to women at
the hotel.

Mr. Harridge produced the original
manuscript of several statements
which Thaw gave to the newspapers
in 1906. Thaw's counsel objected to
the reading of some of those statements
but in one case requested that Mr.
Thaw be allowed to read the paper
himself. In answer to a question
he knew "Mrs. Read," Harridge said
he knew a number of "Mrs. Reads."
On cross examination Mr. Morsch-
er reverted to Harridge's suit against

leged to have been abused by Thaw in their New York lodging house to keep them from getting the money, she testified. It came from the Thaw family. This morning Mr. Morenchauer tried to get possession of the books containing the accounts of these payments which Mrs. Merrill said she had turned over to Hartridge. He failed because the books had been destroyed and other memorandum books lost. Thaw's attorneys brought out the fact that Hartridge was suing Mrs. William C. Thaw for a balance claimed for his legal services which he alleges consisted largely in suppressing revelations damaging to Thaw and his family.

Susan Merrill was in court again

Mrs. William Thaw. "It involves at \$25,000 now," remarked the witness "but it may involve more."

Hartridge admitted that he had already received \$193,000 from Thaw, but said it was for "various purposes."

Going back to the O'Mara wedding Hartridge said that he understood "Miss Bell" was Mrs. Harry K. The housekeeper in Pittsburgh.

After hours recess was taken, a witness finished his testimony and Hartridge was ready to call Susan Merrill. He said he expected to hear on the stand this afternoon but Thaw.

Harry Thaw took the stand at
and Jerome's first question was to
ore:

"Were you not crazy when you
White?"

"I don't know," said Thaw. "I
no medically so."

"How do you know?"

"The doctor told me so."

"Did not exceed doctors?" said
re, "examining four," "swear in
presence that you were unable to
preciate the quality of your acts
you killed White?"

"I think so."

As Thaw took the stand his wit-
nered and took a seat where she
ful view of his face. She wore the
same girlish Scotch plaid dress
but straw hat that she had on at
32. A private stenographer emp-
by Thaw's attorney took down a
part of the examination.

Thaw's manner was as unaffec-
ted as yesterday, and he swim-
poled in and out without appar-
ent concern.

While Jerome burned through
papers Thaw turned and talked
freely with Justice Mills.

Evelyn Thaw had not sat in the
gallery when she went into an ad-
dress for consultation with Asst. Dist.
Att. Gen. James C. Connelley. She
returned in a few moments and I
were perhaps the only eyes in the
room that were not upon her as
passed to her seat.

Thaw said he was willing to go

MORE CELEBRITIES

Enter for the Great Auto Carnival in This City

"Billy" Bourque, one of the Knox entrants, who will be seen at the wheel of one of the smaller cars in the races to be held on Labor Day and in one of the giant cars on the day of the big race of the carnival, was in Lowell yesterday for the purpose of securing quarters for the Knox crew and incidentally taking a spin over the course.

The Knox people, with three small and two large cars, will have the largest number of entrants of any company. Bourque finished third in the race held over the Merrimack Valley course last year and recently won second place in the Cobe contest in Indiana.

Vending Privileges
The committee on vending privileges of the Lowell Automobile club met last night at the room of the board of trade in the Central block and awarded the vending privileges for the land alongside the automobile course to J. A. and E. A. Simpson, the local contractors who are erecting the grandstand and other wooden structures on the course. There were four bidders, but the Messrs. Simpson were the highest and the privileges were granted to them.

In attendance at the meeting were Chairman Warren W. Fox, John I. Robertson, Norman E. Borden and Charles F. Keyes. The privileges to vend comprise everything except the sale of programs. The winners of the contract announced that they should probably sub-let their privilege to a large extent.

In the afternoon the committee on parking space held a brief meeting and then went over the course. Frank S. Bean, chairman of the committee, and six others members were present. They will later make their recommendations to the governors of the club, relative to the prices to be charged for parking.

Little Extends Invitation
At a committee meeting held last night Secretary John A. McKenna announced that the club had been invited to participate in the Old Home day parade to be held Saturday in Littleton. As a result it is expected that a number of the automobilists of this city will accept the invitation. Those who can spare the time to take the run to Littleton and participate in the parade will meet Saturday morning at 8:30 o'clock at the corner of Appleton and Gorham streets.

Map of Course
Yesterday Secretary McKenna forwarded a large map to Frederick J. Wagner, in New York. The map is of the course, according to state measurements, and the scale is one inch to 200 feet. Mr. Osgood, civil engineer of the club, has carefully made all measurements. The map will be used by Mr. Wagner relative to the location of telephone booths, 35 stations and where signals must be hung, warning the drivers of the character of the road to be encountered. The big banners will hold the international code for automobilists.

As a result of inquiries made by New Yorkers, Mr. Holme yesterday got into touch with Traffic Manager Smith of the New York, New Haven & Hartford railroad, relative to the running of special trains. Mr. Smith made no definite answer relative to questions put, but within a day or so it is expected that everything will be satisfactorily settled.

Sale of Tickets
The tickets for the carnival are being distributed as rapidly as possible by Mr. Hall, and the race between the different contestants is getting to be an interesting as well as exciting one. Among the latest entrants to the contest for the prize to Niagara Falls is Miss Madeline Plander, of the flower bookstore. She has a large following of friends, who are hustling to assist her. Almost 10,000 tickets have already been distributed and another installment was put out today.

Beware of Bunco Men
The Lowell Automobile club has been given to understand that several men have been making a tour of the city, securing the names of persons who have rooms to let during the carnival and soliciting 50 cents from each one as a sort of guarantee. The club wishes to announce that the only person authorized to take a list of rooms or houses is Mr. E. H. Dickey, who can be found at Ellingwood's drug store afternoons during the week. Mr. Dickey will be pleased to have persons with rooms to let call upon him. The club does not ask that any money be deposited and any person who asks for money can be put down as a bunco man.

SOCIAL AND FRATERNAL
There was a very large attendance at the meeting of Court Middlesex, Foresters of America, Chief Ranger Jas. J. Dunn in the chair. One application for membership was received and two candidates were initiated. The outgoing committee reported that all arrangements had been completed. The tags have been received and will be distributed among the members and their friends. One of the features of the outing will be a baseball game between well known amateurs. There will also be a program of sports.

Suitable prizes will be given the victors and a bountiful supply of refreshments will be served.

The auditors made their report for the last quarter, showing the court in a healthy condition financially and in point of membership. J. C. R. J. H. Condon and J. W. Downing were appointed a committee to provide entertainments after each meeting for this term, so as to encourage the members to take active interest in the court's affairs.

United Workmen
Lowell lodge, 22, A. O. U. W., held a well attended meeting in Odd Fellows temple Tuesday night and transacted considerable business. The lodge voted to change its meeting place to Post-120 hall, Merrimack street, and to meet there every second and fourth Friday. A good time is promised at the first meeting in the new hall.

LAKEVIEW THEATRE
The attendance at Lakeview theatre this week continues large and it would seem that the Flynn Stock Co., with James Kennedy in the lead, will have selected a popular play in "The Girl in the Box," which is the hit for the current week. The story and construction of the play are quite different from anything so far offered by this company. This season a novel feature being the first act, which takes place on the stage of a "stock" theatre, where the company is having a morning rehearsal of a play. The characters range from the obstreperous stage mechanic, with his proclivity for hammering nails during a quiet scene, to the actor of the style most frequently depicted in the comic papers, and who improves every opportunity to tell his companions how things were ordered "when he played Hamlet." The scene is full of good comedy and keeps the audience in roars of laughter. Mr. Kennedy as the leading man of the company is eager to disengage himself from the members of the company are happily cast. Next week's play will be the fun act melodrama, "Why Women Hate Women," in which play Mr. Kennedy will be seen in one of his best parts.

CONANT IS HELD
On Charge of Murderous Assault
QUINCY, July 28.—Charged with murderously assaulting his former employer, William Hanford of South Weymouth, William Conant was brought before the district court today and held for a hearing Aug. 10. Conant up to a few days ago worked on the Hanford farm and quarreled with Mr. Hanford over his wages. Yesterday the farmer was found lying beside his carriage on the West Abington pike, his head split open and a blood stained baseball bat lying near. He was sent to a Boston hospital. Hanford remained in a critical condition today.

CONANT IS HELD PELHAM SCHOOL

CHILDREN PRODUCED MOTHER GOOSE WITH SUCCESS

The children of the North Pelham school gave an entertainment at the school Tuesday evening. It was a "Mother Goose" entertainment and was well attended. It was gotten up for the purpose of raising funds to buy an organ for the school, but when Mr. C. W. Sherburne of Boston, learned that an organ was needed for the school he supplied the want immediately. Before the children knew anything about Mr. Sherburne's gift they had prepared their entertainment and the money which they realized will go to buy music.

REPORT ON TARIFF

Expected to be Presented by
Neon on Friday

WASHINGTON, July 28.—A report on the tariff, which has been prepared by the committee on the tariff, is expected to be presented to the house on Friday. The report is expected to be a long one, and will cover the tariff on all the principal articles of commerce. It is expected that the report will be a comprehensive one, and will cover the tariff on all the principal articles of commerce. It is expected that the report will be a comprehensive one, and will cover the tariff on all the principal articles of commerce.

Without a moment's delay, the committee and house leaders, started away by automobile with the intention of laying their report before President Taft who had gone to Fort Meyer to see an expected flight of the Wright brothers in their aeroplane.

All day long the committee had struggled with the question of bringing down the house rates on gloves and hats. The committee had been unable to agree on a report on these articles, and it was expected that the report would be a comprehensive one, and will cover the tariff on all the principal articles of commerce.

Lumber was made dutiable at rates only a little below those named by the senate bill, and there was a very slight shading from the house rates on gloves of good quality. Although it was not admitted by the committee, the general impression drawn from the hurried trip to Fort Meyer was that Messrs. Aldrich and Payne had been authorized by the conference report, and figures as could be agreed upon by the president in so far as they came within range of what the leaders believe will be acceptable in the house and senate.

Returning from the conference at Fort Meyer, Messrs. Aldrich and Payne seemed to be entirely satisfied with the outcome of their mission, although neither would discuss the conclusions that were reached.

It was announced officially that the Democratic members of the conference committee would be called into session at 10 o'clock today. It was stated also that the conference report would be reported to the house probably at noon Friday.

In view of President Taft's utterances, senate and house leaders were predicting last night that the conference rates on gloves and lumber would not prove satisfactory to him. At the same time it was recognized that conditions were such that unless compromises were made by the conferees, it would be many days before a report could be made. It required a roll call to fix the rates on lumber, which are as follows:

Lumber rough, \$1.40 a thousand feet. The house rate was \$1 and the senate rate \$1.50. The senate difference was adopted, making lumber planed on one side dutiable at \$1.20, two sides, \$2.15, three sides, \$2.55, and four sides \$2.90.

The senate rates on lath and shingles which were higher than the house rates also were adopted. Advocates of the dollar lumber called on President Taft last night and were quoted as saying that he had said that

paper question, especially as the chairman, Rep. Mann (Ill.) has announced that he would not vote for the conference report unless the \$2 rate was retained. The conference rate is \$2.25 a ton less than the existing rate. In winding up the work of the majority of the conference committee, preliminary to submitting the result to the democrats for their stamp of approval or disapproval, the republican members did not regard the question of hats and leather, oil, coal or iron ore, which subjects were closed Tuesday.

If the report is laid before the house on Friday, according to the present program, it will be printed and taken up on Saturday. It is not believed that the house will discuss it more than one day. If this estimate of time proves correct, the senate may begin with the report on Monday. It is believed that it can be disposed of next week.

AT LAKEVIEW

PHIL D. GREENE TO GIVE SENSATIONAL EXHIBITION

Phil D. Greene, the world famous equilibrist, has been engaged by the Boston & Northern St. Ry. Co. to appear and give a free exhibition, afternoon and evening, all next week, at Lakeview park.

He does one of the most thrilling and thoroughly sensational acts that has ever been seen at the park. It is in the nature of a globe balancing act which requires 15 minutes. He has a spiral runway, flat and without guard rail or groove, 150 feet long, up and down which he travels upon a round wooden ball 25 inches in diameter to a height of 50 feet.

Not content with this feat, during which the slightest misstep would hurl him to the ground, he has a great teeterboard, 30 feet from the ground, upon which he does all kinds of startling balancing stunts. During the evening performance he adds a picture of courage and bravery by making his final descent amid a veritable shower of gold and silver sparks from a fireworks display which is touched off.

has been a sufferer from rheumatism for many years. When this became worse heart disease made itself manifest. Early in April he suffered an attack of pneumonia poisoning. He had charge of the investigation of the packers' trust in 1902.

Hundreds Visited Mrs. McKinnon's Home

The grounds surrounding the beautiful home of Mr. and Mrs. D. T. McKinnon, 279 Chestnut street, was the scene last night of a delightful lawn party by the members of the Westminster Presbyterian church. The grounds were prettily lighted with Japanese lanterns and the attendance numbered more than 300. The booths were artistically arranged and refreshments of various kinds were served. When "home time" arrived and the lights on the lawn went out it was discovered that the booths were pretty well sold out, a fact that proclaimed the affair a success.

The president of the committee was Robert Campbell. W. G. Bartlett was the secretary and treasurer. The candy table was in charge of Mrs. H. Frazer, who had as her assistants, the Misses Annie Strachan, Bessie Walters, Annie Watters and Annie Haggart. The ice cream and cake table was in charge of Robert Campbell, Mr. Strachan, Mrs. McLeod, Mrs. McQueen and Mrs. Black. The tonic table was in charge of John McKinley and Vernon Walker.

You Can Wipe Your Shoes With a Fine
White Handkerchief—A "Nugget"
Polish Won't Rub Off

You won't brush your shoes with a handkerchief—of course not. But you are glad to know that a "Nugget" Polish is on to stay—it never is sticky, never soils the clothing.

Here is what you will notice when you first use "Nugget"—That the tiniest amount of polish is required—a little dab is enough to produce a soft, lustrous "shine."

—That to polish the shoes with "Nugget" is a matter of but a minute or two.

—That there is really no work about it.

—That the leather becomes soft and flexible, unsightly ridges disappear—the leather won't crack.

And then when you have found how easy it is to have well-groomed shoes—when you find your shoes

20,000,000 of tins each year are sold to folks who have found this out.

"Nugget" Polishes and "Nugget" Kits (Polish, Brush and Svelty Pad) are sold at good shoe stores, drug stores, grocery stores and by dealers everywhere.

And then when you have found how easy it is to have well-groomed shoes—when you find your shoes

HARRY K. THAW AND HIS MOTHER
GOING TO WHITE PLAINS COURT

WHITE PLAINS, N. Y., July 28.—At various times during the inquiry from the hour that William T. Thaw stepped into the Thaw family inquiry at White Plains he took various views of the state of the case. Thaw's contention is that Thaw is the victim of prenatal conditions that have rendered him a dangerous person all his life. The further contention is that Thaw's apparent condition now is a studied one, calculated to carefully conceal the real condition of his mind, the way to court.

CAUSE OF DELAY

At Canal Bridge on
Dutton Street

The work of repairing the bridge over the canal near the Kiteon Machine shop in Dutton street has met with a rather serious delay and patrons of the street railway will have to grin and bear the delay and annoyance of being transferred from car to car, for two more days, at least. A mistake in the length of the iron girders, or beams, is responsible for the delay. The beams are too short and will have to be added to by splicing, or new beams substituted. It was not known that the beams were too short until one was ready to be placed in position and then it was found to be too short.

RUNAWAY

ACCIDENT

OPENS NEW TRIAL

Mountaineers Outdone
by Mrs. Cruikshank

BRETTON WOODS, N. H., July 23.—A tiny, slender little woman, Mrs. James A. Cruikshank of New York, last night completed a feat which no one of the many mountaineers who have for years attacked the ridges of the White Mountains has ever attempted. The blazing of a new and easily possible trail from Mt. Field to Mt. Willey.

Accompanied by her husband, who was always in the rear and only put out as a precaution, this dainty pioneer walked, crawled or climbed over 15 miles of mountain country, at least three miles of which had never been traversed previously, and most of which was such as to test the best in the ranks of the most experienced of mountaineers.

Mrs. Cruikshank is no novice at foot or wilderness exploration. Among her exploits is the distinction of being the only woman to climb Mt. Conner in the Selkirk, of holding the world's record for women in travel through the Canadian Rockies and in being the only woman to explore the great Arizona canyons on foot.

To those acquainted with the White Mountain country Mrs. Cruikshank's feat must stand out above most of those which have made possible of access to the various peaks. Although Mt. Field and Mt. Willey were already the terminals of trails from other mountains, they have never been connected by a navigable path until last night.

Some few men have covered the distance, but have never attempted to guide and make easy the way of future travelers. No woman had previously attempted the journey. Never before was the territory covered yesterday and last night by Mrs. Cruikshank negotiated in a single day.

For Mrs. Cruikshank's intended pace, the blazing journey consumed but 12 hours 10 minutes. In that time she worked clearly and legibly in the language of the Canadian frontiersman, the way of the trail. She sought for springs and indicated their presence. She overcame obstacles, clearing away dense underbrush and thickets, logging off impeding limbs and laying branch paths over such swamp sections as ran across the body of the trail. Beautiful views were made known to future travelers and possible dangers shown by a warning additional blaze or two.

She was accompanied by her husband, Frank Johnson, a sport promoter. Accompanied by her husband, who was always in the rear and only put out as a precaution, this dainty pioneer walked, crawled or climbed over 15 miles of mountain country, at least three miles of which had never been traversed previously, and most of which was such as to test the best in the ranks of the most experienced of mountaineers.

PRES. TUTTLE

MANCHESTER, July 29.—Lucius Tuttle, president of the Boston & Maine railroad for the last 20 years, today refused last night to confirm or deny a report in the morning papers announcing his approaching retirement and the passing of the Boston & Maine into the management of President Charles S. Miller of the New York, New Haven & Hartford Railroad company.

When approached on the subject Mr. Tuttle went into a rage, telling newspaper men to go to the sources from which the story came for an interview, but still refusing to declare the rumor false or true.

After a day spent in driving and golf at the Essex County club President Tuttle returned to his summer home at Keble Cove, Magnolia, last night. A company of newspaper men were waiting for him. The moment the subject was broached the railroad man became greatly agitated and talked so rudely that the newspaper men could not get in their questions.

"Don't tell me what you've seen in the papers," he said, as he banged the paddock gate. "I have heard of this rumor, and I won't say a word to anybody, either in confirmation or denial. Some one has taken this thing to a news bureau and had it distributed broadcast. It has no father, no mother, no one claims it, it is absolutely unauthenticated."

"What do you think I am—a fool—a hopeless idiot—to talk about a thing like that when it affects my personal business?" he asked the sources from which the rumor came for an interview.

"Confirmation or denial? Don't ask me for a denial—go to the sources from which it came. I won't say a word."

ed to guide and make easy the way of future travelers. No woman had previously attempted the journey. Never before was the territory covered yesterday and last night by Mrs. Cruikshank negotiated in a single day.

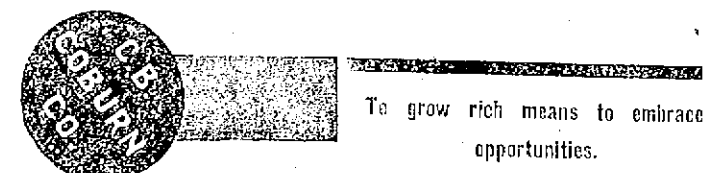

For Mrs. Cruikshank's intended pace, the blazing journey consumed but 12 hours 10 minutes. In that time she worked clearly and legibly in the language of the Canadian frontiersman, the way of the trail. She sought for springs and indicated their presence. She overcame obstacles, clearing away dense underbrush and thickets, logging off impeding limbs and laying branch paths over such swamp sections as ran across the body of the trail. Beautiful views were made known to future travelers and possible dangers shown by a warning additional blaze or two.

She was accompanied by her husband, Frank Johnson, a sport promoter. Accompanied by her husband, who was always in the rear and only put out as a precaution, this dainty pioneer walked, crawled or climbed over 15 miles of mountain country, at least three miles of which had never been traversed previously, and most of which was such as to test the best in the ranks of the most experienced of mountaineers.

To those acquainted with the White Mountain country Mrs. Cruikshank's feat must stand out above most of those which have made possible of access to the various peaks. Although Mt. Field and Mt. Willey were already the terminals of trails from other mountains, they have never been connected by a navigable path until last night.

Some few men have covered the distance, but have never attempted to guide and make easy the way of future travelers. No woman had previously attempted the journey. Never before was the territory covered yesterday and last night by Mrs. Cruikshank negotiated in a single day.

LEO DONOVAN STOPPING A RUNAWAY HORSE

In Which Miss Alice L. Snow
Was Badly Injured

Miss Alice L. Snow, of 340 Walker street, employed in the office of the Whitman & Pratt Rendering Co., was seriously injured in a runaway accident yesterday afternoon.

Miss Snow was alone in a carriage owned by her employers and was at the corner of Hook and School streets when the front axle broke down, and the horse, being frightened, started down School street at a mad gallop.

Miss Snow was thrown to the street and was picked up by witnesses to the accident. She was removed to a hospital in the office of her employers and was later taken home. Her condition is somewhat improved, and her injuries are not of a serious nature.

The horse crossed the street and ran into the open door of a garage, where it was stopped by a man who was standing near the entrance. The horse was badly frightened and the man was injured. The horse was later taken to a stable and the man was taken to a hospital.

Last Chance To Get a
Regular 25c
Package Of Cerena For 5c
This Is The Last CERENA Day

Think of it we had to arrange for an overflow Cerena Day. So great was the response to our offer of a regular 25-cent package of Cerena for the coupon and five cents that it was necessary to obtain a fresh supply for today's distribution.

Any family in this city who has not yet obtained a package of this act-as-good-as-it-tastes food-center is making a mistake. This is your opportunity to surely cure yourself and your whole family of constipation, once and for ever, or of indigestion, heart-burn, dyspepsia or any other stomach or liver trouble, or of that tired, sleepy feeling.

It cures all these things, every one of them. It cures naturally. Yet Cerena contains no drugs. It is the most delicious food, that you have tasted in a long, long while. After you have tasted it once, you'll have a happy-hungry feeling for ever afterwards.

Cerena is made of pure, selected, boneless-tissue cereals, combined in a wonderful process with delicious juice laden fruits and vegetables.

We are going to let you taste and see Cerena and have it on your table, at our expense. We want you to be convinced that Cerena is just what we say it is, and if you will let the public authorities and medicines alone, while trying Cerena, you'll be convinced that Cerena is doing the work it is supposed to do, and doing it more effectively than any medicine on earth. Once more, today is the last Cerena day.

Remember that one package of Cerena will last you a month, or last your whole family a week. While you're eating it, you are being rapidly cured of constipation, indigestion, fermentation, stomach

troubles, biliousness and a torpid liver; solid meat will be gotten on your bones as I rich food in your veins. This is positively the last day that a coupon and 5 cents for a 25-cent package of Cerena will appear.

Cut out this coupon below and take it with five cents to your grocer. In exchange he will give you a 25-cent package of Cerena, the pure food remedy. If the supply has been exhausted, it is understood he is not to give it in which to secure Cerena on his own terms.

FIVE BISHOPS

deaconesses of Grace church, arrived at the Back Bay station at 2:15. The boys of the vestry choir of the New York church, in their cadet uniforms, marched from the station to the church where they donned their cassocks and surplices. The other members of the choir arrived at the church in small groups.

Morgan Arrives Early

Although the service was not scheduled to begin until 3:30 there was a large gathering on hand awaiting admission an hour before that time. Owing to the heat most of the persons who were invited to enter the vestry and to stand there until the doors were opened at 2:30.

The ushers at the church were: J. Harrison Parker, John P. Reynolds, Jr., Dr. Edward Reynolds of Boston, Edward Farniss, Phillips B. Thompson and Edgar Hagden, all of the Evening service committee of Grace church, and St. John's of All Saints church of Worcester.

From 2 until the hour of the service there was a steady stream of persons arriving at the church, until the seating capacity of the floor was pretty thoroughly taxed. Mr. Morgan arrived about 2:15, and was seated at the foot of the church and in the aisle next to the vestry.

When the service began, the service began with the singing of the hymn, "The Church is the Body of Christ," by the members of the vestry of Grace church, who sat at the front and right of the main aisle. The members of the immediate family of Dr. Huntington sat on the opposite side of the aisle, with the deaconesses of Grace church near them.

More than a score of great floral pieces were laid along the altar rail and in the center of the church.

At 3:25 organist James M. Helfenstein, organist Miss Maude Morgan and violinist Miss Kronold, all of Grace church, struck up Chopin's funeral march, the solemn strains, played with wonderful feeling, filling the great edifice until it fairly trembled with the beautiful harmony.

The Processional

The black casket, completely covered with magnificent white roses and lilies in one great mound, was carried up the aisle on the shoulders of the pallbearers and was deposited just within the chancel.

Almost at the same instant the glorious notes of "Jesus Lives" came faintly ringing from the recesses of the vestry as the vested choir of Grace church, preceded by Rev. George H. Jones, vicar of Grace church, and Rev. Karl Rolland, rector's assistant of Grace church, and followed by about 40 chorists and the several bishops marched in procession down through the church and up the central aisle to the chancel.

Although there were only about 20 chorists in their vestments in this procession there were more than 40 others seated in the body of the church in plain clothes. The bishops in the procession were: Rt. Rev. Alex Mackay Smith, coadjutor bishop of

Pennsylvania, Rt. Rev. William McKim of Rhode Island, Rt. Rev. Frederick Courtney, formerly of St. Paul's church, Boston, rector of St. James church, New York, Rt. Rev. David H. Greer of New York and Rt. Rev. William Lawrence of Massachusetts. Bishop-elect Arthur S. Lloyd, general secretary of the Episcopal diocese of Virginia, who was recently elected bishop of Virginia, was also in the procession, in which, as customary, the bishops brought up the rear.

Three Bishops Take Part

As the hour of the long procession reached the center of the main aisle, the Episcopal service began the "first service," beginning with the "reconstruction and the light," and he also read the scripture lesson, beginning at the 25th verse of St. Paul to the Corinthians, "I have been crucified with Christ." The first reading was sung by the congregation. The first reading was responsive and the second was chanted by the choir. Bishop Greer of New York read the prayers, after which with beautiful effect, Bishop McKim of Rhode Island said the closing prayer, and the benediction was given by Bishop Greer.

The magnificent singing of the vested choir with the accompaniment of organ, harp and cello was one of the beautiful features of the impressive service. The solo parts were taken by Daniel Deddes, James McKim, bass, and Master Charles Westbury soprano. The singing was directed by Organist Helfenstein.

Among some of the New York attendants at the service were: J. Purcell Morgan, Francis Lynde Steieler, Rev. Melville Bailey, vicar's assistant at Grace church; Rev. H. M. Hopkins, formerly of Grace church and now of the Bronx; Rev. James W. Chambers, formerly of Grace church; ten deaconesses of the staff of Grace church, 13 boys and 16 girls from the vestry choir of Grace church; and thirty-two from the same parish: Harry Patrizi, Howard Townsend, B. H. Williams, J. Montgomery Hare and Wm. R. Stewart.

Many from Worcester

Among others present were Rev. Thomas P. Davies, Jr., rector; Rev. Chas. L. Short, senior assistant; Rev. C. J. Harrington, junior assistant; wardens, Frederick S. Pratt and Charles G. Washburn; vestrymen, Edward L. Davis, Chas. M. Hunt, Wm. E. Rice, Geo. F. Hutchins, Chas. L. Nichols, George T. Dewey, Henry P. Murray, Chas. D. Jackson, George A. Smith, W. S. B. Hopkins and Edward T. Esty, all of All Saints church of Worcester, where Dr. Huntington was at one time rector; Rev. H. L. Alexander, rector of Trinity church, Rev. Dr. Wm. Manning of Trinity church, New York city; Rev. Dr. Leonard K. Storr of Brookline, president of the standing committee of Massachusetts; Rev. Dr. Wm. G. Thayer of St. Mark's school, Southbury, Conn.; Rev. Dr. Roland Cotton Smith of Washington, D. C.; Rev. Dr. Roseman of Providence, Rev. J. H. Woodward of Arizona, Rev. Dr. Arthur Lawrence of Stockbridge, Rev. James Franks of Salem, Rev. S. H. Hillard of Boston, Rev. Philip M. Rhineland of Cambridge, Rev. Frederick Palmer of Andover, Rev. H. L. Taylor, Rev. Dr. Elwood Worcester of Emmanuel church, Rev. H. Birchard, Pres. Langdon C. Stewart of Hobart college, Geneva, N. Y., of which Dr. Huntington was a trustee, and others.

The attendance of J. Pierpont Morgan caused many to believe he is a member of Grace church, which is not the case. Mr. Morgan for a number of

years has been a delegate to the general convention of the Episcopal church, at which gatherings Dr. Huntington was always a prominent figure. In that way the capitalist had become friendly with the reverend rector of Grace church, and this explains his reason for coming to Boston to attend the services.

Mr. Morgan, after the services at the church, was among those who went to Mt. Auburn cemetery in Cambridge, where the burial service was read by Rev. Geo. H. Bottoms, vicar of Grace chapel. Mr. Morgan returned to his hotel in Boston and expressed his intention of returning to New York late last night.

BLACKMAIL IS THE CHARGE AGAINST COUPLE

NEW YORK, July 29.—Lester F. Barry and his wife, Theresa M. Barry of Hamilton, Ont., were arraigned in the Yorkville police court here yesterday on a charge of attempted blackmail, brought by Samuel Meyers, a former deputy sheriff of Schenectady, N. Y.

Four letters alleged to have been written by the couple, in which money was demanded from Meyers, form the basis of the complaint. According to Meyers, who is 75 years old, he met Mrs. Barry, who is 29, on Broadway about five weeks ago. He saw her several times within the next few days. Then he came to Meyers, purporting to be from Mrs. Barry's father, demanding \$10,000, Barry and his wife were held in \$3000 bail.

WILL ALLOWED

KELLOGG LEFT AN ESTATE VALUED AT \$115,000

BOSTON, July 29.—The will of Chas. W. Kellogg, who died at Brookline, June 6, 1909, has been allowed by the Norfolk probate court. The whole estate, consisting of \$115,000 real estate and \$100,000 personal property, is left to the widow, Jane H. Kellogg, and children, Arthur K. Simpson of Boston and Jane H. Kellogg of Brookline, are appointed executors, with surties at \$50,000 each.

The will of Jane Hanson of Quincy, who died June 13, 1909, was also allowed. The estate amounts to \$300,000 real and \$300,000 personal. All the personal property is left in equal shares to the three daughters. The real estate is left for the benefit of the husband for life and, at his death, is to be equally divided among the daughters if then unmarried. If two daughters are married by that time, the whole property shall go to the one remaining single. In case all three have married, the property shall be equally divided.

TRUSTEE'S SALE OF THE MEUNIER PROPERTY IN THREE SEPARATE PARCELS, AT PUBLIC AUCTION, ON SATURDAY, JULY 31.

FIRST PARCEL CONSISTS OF A LOT OF LAND CONTAINING ABOUT 6800 SQ. FT. ON FIRST STREET, DRACUT, MASS. SECOND PARCEL A 2 1/2 STORY HOUSE, BARN, HENNERY, PIGGERIES AND ABOUT 5 1/2 ACRES OF LAND ON HAMPSHIRE STREET IN DRACUT, MASS. THIRD PARCEL, A COTTAGE HOUSE, BARN, HENNERY AND ABOUT 3 1/2 OF AN ACRE OF LAND ON HAMPSHIRE STREET IN DRACUT, MASS.

Which is located on First street, is but a short distance from McManmon's, the florists, in what is better known as "Brookside." It has a large frontage on the main road, is a corner lot, electric pass by the same, and would make a very nice building site for someone who wanted to locate in the country and get on the five-cent ride.

Consists of a 2 1/2 story house, large barn, two hen houses, four large piggeries, and about 5 1/2 acres of land. The house is a 2 1/2 story with four rooms on the first floor, four large side and end bedrooms on the second floor, and one large unfinished attic. There is a piazza running the full length of the front of the house, and the house is in excellent condition inside and out, and is a substantially built one in every respect. The barn which is built but a few years is 55x30 with an eight-foot collar, with driveway; there are three cow stalls, three horse stalls, ample room for carriages, and plenty of storage for hay and grain. There is a 75 foot barnery divided into five compartments; it is built on a stone wall foundation, the roof is all tarred and it is in excellent shape. Leading from the house is a large open space all fenced in for pigs; there is a running spring through part of the piggeries, so there is plenty of water through all seasons of the year. There are 5 1/2 acres of land, part in pasture and part under cultivation; there are a number of young fruit trees. About one acre of this land is directly in front of the house and is very level and rich soil. Now then, the house sits back 300 feet from the street, the henneries and barn at a reasonable distance in the rear and the piggeries at the extreme end. Although there have been no pigs kept on this place for the past year, it is properly better adapted for the raising of pigs than any place within 10 miles of Lowell.

Consists of a two four-room cottage, small stable, and henneries, and about 2 1/2 of an acre of land. Now, this little place will have to be seen to be appreciated, and for someone who wants a place in the country they should look this parcel up. The fruit alone on this place will pay a large interest on the investment. The lot has a good frontage on the road and the cottage sits back on high land about 150 feet from the street. There is a small stable, hen house and large hen yard, and the property is always rented.

Now, the above two parcels which are located on Hampshire street, Dracut, Mass., are just two miles from City hall, about 15 minutes' walk from the Lowell line of cars at Goodhue corner, about 15 minutes' walk from the Collinsville and Navy yard mills, and within five minutes' walk of the school house. The property is located but a short distance from the old Boston paper mill. Now, I think, for parties who want to get into the country, here are two very good parcels.

Terms: \$50 to be paid to the auctioneer on the first parcel as soon as struck off; \$150 to be paid to the auctioneer on the second parcel as soon as struck off; \$150 to be paid to the auctioneer on the third parcel as soon as struck off. The fact that the above three parcels are a trustee's sale, they will be positively sold for the highest bid, regardless of weather conditions. P. S.—A good farm wagon and pump will also be sold.

By order of BERNARD F. GATELY, Trustee.

MILFORD GIRL WEES A MAN IN ALBERTA

MILFORD, July 29.—A letter just received from Edmonton, in Alberta, gives the sequel to a romance begun in Milford several years ago, when Albert A. Johnston of New Brunswick came here to live and met Miss Susie D. Rogers.

Miss Rogers gave up her work in the office of a laundry here and on June 9 left Milford for Calgary on the Canadian Pacific railroad, a journey of nearly 3000 miles, where Mr. Johnston was waiting for her. They were married June 12. After a couple of weeks' sight-seeing in the mountains, Mr. and Mrs. Johnston went to Edmonton, 200 miles north of Calgary, where they are to make their home.

GETS INJUNCTION

WOMAN MADE APPEAL TO THE SUPREME COURT

BOSTON, July 29.—Angie M. Greenleaf brought a bill in the superior court yesterday against Geo. E. Brock and Horace W. Baxter, seeking a conveyance of her house in Surry street, Brighton. Judge Richardson issued an injunction restraining Brock from interfering with her quiet enjoyment of the premises and an order of notice returnable Monday.

She executed a mortgage for \$400 on the property in 1904 and by various assignments it was held by Joseph L. Green and Arthur P. French, trustees. The latter brought foreclosure proceedings and she went to Mr. Brock for advice, telling him of an offer of the mortgage to extend the time of the sale 30 days on payment of \$100.

RASHES—QUICK RELIEF

Prickly Heat, Hives, Heat Rash, Chafing, Sunburn, Bites.

An original preparation that quickly stops the pain of any skin rash is found in X-Zalza fluid. It acts immediately on the system and brings relief quicker than anything that could be used. It cools and soothes the flesh when burned by the sun, chafed, or when the flesh is broken out by the heat, or poisoned by insect bites or plants. It is not at all drying, and X-Zalza fluid is a skin get a relief from a druggist. Its effect in healing the skin is remarkable.

She alleges that Brock told her not to seek a postponement, but to let the sale go on and he would have a man bid in the property for her and she could redeem it in six months. She alleges that Samuel H. Knights was employed by Brock and that both of them attended the sale and bought her estate for \$4635, giving the name of Baxter as the purchaser.

Recently Baxter sought to eject her from the premises, claiming he wanted to make repairs. She has tendered him the amount due but alleges he refused to accept it.

REV. MR. GRIFFIN DEAD

BEDFORD, Mass., July 29.—Rev. Richard A. Griffin, for many years prominently identified with the Unitarian faith, an author and artist died at his home here of apoplexy late yesterday, aged 66 years.

Rev. Mr. Griffin was born in Reading, Eng., and was one of three brothers who were Baptist ministers in London, being associated with the Rev. Dr. Spurgeon at the London tabernacle where Rev. Mr. Griffin was pastor. He held pastorates at Marlboro, Augusta, Me., and Northampton.
